You CME Learning Portal Account & Profile

*Required for **MOC credit only**, date of birth, board certification and licenses

Under **Board Certification and Licenses** section, you only need to list your “**Board Certifying Organization ID**” (e.g., ABIM). ***This is required for us to automatically report MOC credit to your specialty boards if your board has a collaboration with ACCME for data reporting. And the activity is registered to offer MOC. Not all activities will be offering MOC. And not all specialty boards collaborate with ACCME.

It is optional for you to “add” your state license ID; however, we do not require it for any of our CME reporting for credits, nor will we report out to any state boards.

*** Please note that not all specialty boards will be list in the pick list. Only the boards who have a collaboration with ACCME for automatic data reporting will be listed. If your board is not listed, please refer to your specialty board on how to report your credits. And it will be your responsibility to report your earned credits.
