Derek Evans, '17

### Vice President

Michelle Pomerantz '17

### Treasurer

Alex Sentecky '17

### Secretary

Gulcan Ince, '18

### Event Coordinator

Katie Bentivegna, '18

The Public Health Student Organization (PHSO) is a student group charged with supporting all public health students throughout their graduate studies. The PHSO aims to enhance students' experience in the program by providing social, academic and networking events to all Public Health students.

The Executive Board of the PHSO consists of the President, Vice President, Treasurer, Secretary, and Event Coordinator. Together, we aim to create events that strengthen the community. In the past, we have completed community garden clean ups, hosted networking events, and have worked with the Science Olympiad. We encourage everyone, to attend our events and to get more involved in our public health community here at UConn and in the broader community.

The original public health student group was created in 2006 with the mission of strengthening students' experience in the program through relationship building and networking. By building on that foundation, the current PHSO provides a variety of education and social activities to ensure a meaningful experience for students in the MPH program.

We want to implore all students to get involved with the organization by serving as a board member, participating in events, or volunteering within the field of public health. Please contact us at [phso@uchc.edu](mailto:phso@uchc.edu) or find us on Facebook if you would like to get involved.
