How do I move from the Main Room to a Breakout Room?

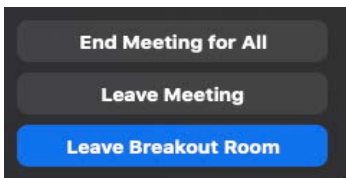

- You need to have the most recent version of Zoom (5.4)
- Once Breakout Rooms open, a new button will appear at the bottom of your screen titled "Breakout Rooms."

- You will see a list of rooms to navigate to. To the right of the room name you will see the word "Join." Click that button to head to the desired breakout room. Example:

- When you want to navigate to a different room, click the Breakout Room button and choose your next room.
- To leave a breakout room, to navigate to the main room, click Leave Room. If you accidentally click leave meeting, go back to your Zoom confirmation email to and click your personalized link.
