CT Junior Science and Humanities Symposium

ABSTRACT PREPARATION

All CT JSHS student applicants must submit a **250-word–maximum** abstract in electronic format. The abstract should accurately convey the essential nature of the research conducted and the most significant conclusions reached. A further purpose of the abstract is to attract the interest and curiosity of the non-specialist reader and thus encourage exchange, discussion, and elaboration between various authors and between authors and readers.

The format for the 250-word abstract includes:

- 1-inch margins
- Single-spaced
- 11-point, Arial font

Your abstract document must be submitted as Word (.doc/.docx) or PDF (.pdf).

Your abstract should be named in the following format: LastName_FirstName_Abstract.

The header preceding the body of the abstract must include:

1. Title of the research project
2. Student name
3. High school name, city, and state
4. Name of teacher/mentor/sponsor and the mentor's organization. Precede the individual's name with a subheading (i.e., teacher, mentor, sponsor).
5. Include one line of space between the heading and the abstract body.

Abstract content includes:

1. Introduction to the topic
2. Explanation of why the topic is important
3. Statement about the knowledge gap
4. Research question(s)/aim(s)/hypothesis
5. Indication of research methods and approach
6. Brief summary of key findings

Abstracts will be published in the symposium proceedings. Please carefully proofread your submission because abstracts will not be typed or edited.
