If you have a known **high-risk exposure** to someone with COVID-19
(6 feet or closer to someone who is COVID+ for 15 minutes or more while at least one person is unmasked)

Up to Date* With COVID Vaccination

1. Report to work. Call 860-679-3199 to schedule COVID testing.
2. COVID NAAT/PCR test upon discovery of exposure is required.
3. Second COVID NAAT/PCR test between days 5-7 after exposure is required.
4. For 14 days, practice the heightened safety protocols below.

   If you test positive or develop symptoms, follow the applicable guidelines.

NOT Up to Date* With COVID Vaccination

1. Call 860-679-3199. You will need to quarantine from work for 7 days. Talk to your manager about telecommuting options if possible.
2. COVID NAAT/PCR test is required to be negative on day 7 from exposure; you are then eligible to return to work on day 8.
3. Practice the heightened safety protocols below for the remainder of the 14 days from high risk exposure.

   If you test positive or develop symptoms, follow the applicable guidelines.

---

*At this time, “up to date” defined by the CDC means you either: a) completed your primary series but are not yet eligible for a booster, b) received 1 booster but are not recommended to get a 2nd booster, c) received 1 booster but are not yet eligible for a 2nd booster, or d) received a 2nd booster dose, if eligible.

**HEIGHTENED SAFETY PROTOCOLS:**

**Up to Date With COVID Vaccination:**

- Continue wearing your **procedure mask** at all times when working.
- Must eat alone in isolation.
- Diligently monitor symptoms.

**NOT Up to Date With COVID Vaccination:**

- Wear N95 or KN95 if not FIT tested at all times while at work.
- Must eat alone in isolation.
- Diligently monitor symptoms.
COVID-19 DECISION TREE
For Employees NOT Required Onsite to Mitigate Critical Staffing Shortages

If you have a CONTINUOUS high-risk exposure to someone with COVID-19
(Employee cannot effectively quarantine from the COVID positive individual, such as where a dependent household member has COVID-19 and cannot properly isolate)

**Up to Date** With COVID Vaccination:
1. Call 860-679-3199. You must be out of work for at least 7 days from the COVID+ contact’s symptom onset. Talk to your manager about telecommuting options if possible.
2. You are eligible to return to work 8 days from contact’s symptom onset with a negative COVID NAAT test on day 7.
3. For 19 days, from contact’s symptom onset, practice the heightened safety protocols below.

If you test positive or develop symptoms, follow the applicable guidelines.

**NOT Up to Date** With COVID Vaccination:
1. Call 860-679-3199. You must be out of work for 10 days from the COVID+ contact’s symptom onset. Talk to your manager about telecommuting options if possible.
2. You are eligible to return to work 11 days from contact’s symptom onset with a negative COVID NAAT test on day 10.
3. For 19 days, from contact’s symptom onset, practice the heightened safety protocols below.

If you test positive or develop symptoms, follow the applicable guidelines.

**HEIGHTENED SAFETY PROTOCOLS:**

**Up to Date With COVID Vaccination:**
- Continue wearing your procedure mask at all times when working.
- Must eat alone in isolation.
- Diligently monitor symptoms.

**NOT Up to Date With COVID Vaccination:**
- Wear N95 or KN95 if not FIT tested at all times while at work.
- Must eat alone in isolation.
- Diligently monitor symptoms.

COVID-19 DECISION TREE
For Employees NOT Required Onsite to Mitigate Critical Staffing Shortages

IF YOU DEVELOP COVID-19 RELATED SYMPTOMS, REGARDLESS OF VACCINATION STATUS:

SYMPTOMS OF COVID-19

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing

- Fatigue
- Muscle or body aches
- Headache
- Sore throat

- Loss of taste or smell
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

- If you are at home, stay home and use your regular call-out procedures.
- If you are at work, continue wearing your mask at all times, and notify your supervisor so you coordinate going home as soon as possible.
- Call 860-679-3199 for COVID testing.

IF SYMPTOMATIC, NEGATIVE HOME TESTS / RAPID ANTIGEN TESTS ARE NOT ACCEPTED FOR RETURN TO WORK

If your COVID NAAT/PCR test is POSITIVE:
2. Isolate for 10 days from symptom onset.
3. You may return to work on Day 11 as long as you no longer have symptoms or symptoms are near resolution.
4. No test is required to return.

If your COVID NAAT/PCR test is NEGATIVE:
Return to work when symptoms resolve. If symptoms worsen or new symptoms develop, call your Primary Care provider and call 860-679-3199 to inquire whether repeating COVID testing is recommended.
