

**MEDICAL EDUCATOR: Clinical Achievement**

**Objective:** Development and/or improvement of clinical protocols and guidelines, clinical programs, or quality initiatives that demonstrates positive impact in the quality of care.

**CHECKLIST**

<input type="checkbox"/>	What clinical/quality initiative do you want to develop / improve? Describe in detail.
<input type="checkbox"/>	Why this program? Why this improvement? Does UConn Health not have this program/initiative? What is broken? What information do you have that speaks about what this program/initiative can do for UConn Health? Did you or someone in leadership ask you to do this? In your personal statement, you will need to tell the story of how this work fits in your career, and how it unfolded. Describe in detail how you SPECIFICALLY developed this program, initiative, or quality improvement project. BE DETAILED AND PROVIDE EVIDENCE (not testimonials). <i>May need to review data that is published so SAPC can understand impact of this program.</i>
<input type="checkbox"/>	What will you measure to demonstrate impact of your new initiative, program or quality improvement project? What outcomes do you hope to achieve? Does your quality initiative or new or improved clinical initiative cross over to improve the academic (education or research infrastructure) programs? What objective evidence is there regarding the improvement?
<input type="checkbox"/>	How will you measure your success? What objective evidence will you have of your success? Examples include: <ol style="list-style-type: none"> <li>1.
