

WORKERS' COMPENSATION

**If You Have Any Work Related Incident Such As A
Needlestick, Exposure, Fall, YOU MUST...**

- Seek medical help IMMEDIATELY at current facility.
- During the day go to the Employee Health Office where injured.
- Off hours go to the Emergency Department. Identify yourself as a Consortium employee (UConn resident) and state that your injury is work related at the local site.
- DO NOT USE YOUR INSURANCE CARD. MAKE SURE YOU ARE NOT BILLED PERSONALLY.
- Leave a message at the Consortium office (860-676-1110) with name and beeper # within 24 hours of injury.
- Follow up at Occupational Medicine where the injury occurred as if you were an employee working at that facility.

THANK YOU FOR YOUR COOPERATION!
