Residents/fellows are required to register for a variety of numbers to ensure proper patient care can be maintained. The next several pages will explain these numbers.

These are the first 2 registrations that need to be completed.
- National Provider Identifier (NPI) Number
- Connecticut Controlled Substance (CSR) Number

Then, these registration need to be completed with a valid NPI number
- Connecticut Medicaid Assistance Program (CMAP)
- Provider Enrollment, Chain and Ownership System (PECOS)

Finally, complete this registration with a valid CSR and hospital DEA number
- Connecticut Prescription Monitoring and Reporting System (CPMRS)

Revised 4/17
