

## **MISSION STATEMENT**

The mission of the University of Connecticut School of Medicine's Office of Graduate Medical Education (GME) is to provide effective oversight and management of high-quality, comprehensive, and culturally relevant educational programs to improve the overall health of the citizens of Connecticut. GME is committed to providing inclusive clinical learning environments complete with the resources needed to graduate highly qualified physicians. We do this by promoting academically vigorous programs that foster physicians' professional development and prepare skilled, ethical, and compassionate independent physicians that can meet the challenges of a changing healthcare environment. GME promotes research and scholarly activity in our residents, fellows, and faculty. We attend to resident well-being and an inclusive environment where all are treated with mutual respect. Lastly, we collaborate with our affiliated training sites engaging residents and fellows as integral and transformative members of the health care community with the goals of providing safe, effective and high-quality care.
