SICK LEAVE
(See Appendix A for Policy)

Residents/fellows receive up to 15 working days per contract year of paid sick leave. No sick time may be carried over into the next contract year. In the event of serious injury or prolonged illness, or injury, additional paid leave may be granted. (See Medical Leave and Short Term Disability.)

The Program Director may require a treating health care provider’s letter for any absence due to illness or injury, depending on the nature and/or length of the absence. A treating health care provider’s letter is mandatory after 3 consecutive work days off for illness or injury stating that the resident/fellow may return to work. A treating health care provider’s letter is also mandatory in order for a resident/fellow to work following a hospital visit (ED or inpatient). Every program has its own policy on the handling of sick days that may add requirements to this policy. Residents/fellows are required to know and also follow their specific program policy. At a minimum, a resident/fellow must notify their program office and appropriate supervising physician as soon as known, but clearly before their shift begins, if absent due to illness or injury.

A treating health care provider’s letter is mandatory after 3 consecutive work days off for illness or injury stating that the resident/fellow may return to work. A treating health care provider’s letter is also mandatory in order for a resident/fellow to work following a hospital visit (ED or inpatient).

Taking any leave (especially when multiple leaves or absences occur in the same contract year) may negatively impact time necessary to complete the program requirements for graduation as well as for Board eligibility (see Contract Extension Due to Leave Guidelines). Residents/Fellows are responsible for understanding their Residency Review Committee/Program requirements for program completion as well as their Board requirements regarding Board eligibility, specifically as it relates to time away from their program.
