

CLOSURES AND REDUCTIONS IN PROGRAMS AND PROGRAM SIZE

If UConn SOM, the sponsoring institution, decides to close, ACGME will be notified. The GMEC, Associate Dean for GME, Designated Institutional Official, Program Directors, and residents/fellows will all be notified immediately. The UConn SOM will, whenever possible, allow residents/fellows already enrolled in programs to complete their education. If it is not possible for a resident/fellow to complete their education at the UConn SOM, the Program Director will assist the residents/fellows in enrolling in another program in which they may complete their education. In the unlikely event that this occurs, the process for each sponsored program will be outlined and posted on HuskyCT (BlackBoard).
