

CODE OF CONDUCT

Residents/fellows should strive for excellence in all aspects of their personal and professional lives. This implies a professional demeanor and conduct in direct patient care and in interactions with patients, family members, other healthcare professionals, support staff and the public. It also implies an assurance of integrity in both a resident's/fellow's professional and personal lives through behavior that is consistent with establishing a level of trust and a professional reputation that are essential to the physician-patient relationship and to the provision of high quality patient care.

The University of Connecticut School of Medicine (UConn SOM) and all of its major affiliates have codes of conduct that apply to resident/fellow participation in program related duties wherein residents/fellows are expected to act in a professional, courteous, respectful, and confidential manner. Violating these rules may be cause for disciplinary action up to and including dismissal (see [Academic Deficiencies and Code of Conduct Violations/Non-Academic Deficiencies Review Procedures](#)). Residents/fellows may be placed on Administrative Leave as appropriate for investigation into an alleged Code of Conduct violation (see [Administrative Leave](#)).
