(2) Farmington Bank won't charge you for debit card use, however other banks may impose a surcharge fee. (3) Mortgage interest rates and Annual Percentage Rates (APRs) are discounted by 0.25% and require an automatic payment deduction from a personal account at an ACH network institution and are applicable only to loan amounts equal to or less than \$1,500,000. Please speak with a mortgage specialist or visit farmingtonbankct.com for more information including interest rates, APRs and loan terms on specific products. The automatic payment deduction must be maintained for the life of the loan in order to retain the discounted interest rate and APR. The interest rate and APR will increase if the automatic payment deduction is cancelled. Discount does not apply to Government Assisted loans or home equity loans. Offer applies to new or refinance loans only, not valid for current loans. Offer is subject to credit approval. Offer is subject to change without notice and may be withdrawn at any time. (4) Terms and conditions may apply. (5) You must maintain a positive balance with Farmington Bank for at least 90 days to use the mobile deposit feature. See complete terms and conditions. Turning your debit card off only impacts future debit card transactions (point of sale and ATM). Formerly authorized transactions will be paid and any recurring transactions you had previously set up will be processed as indicated. If you believe that your debit card is lost or has been stolen, please leave it in the "off" position and contact us immediately.
