Notes:

- The Elective rotation for PGY3's is designed by each individual resident to enhance their overall educational experience. Every resident is required to submit a proposal to the Program Director for approval at least three months in advance. If applying for an away elective, this process can take significantly longer; therefore residents are to plan at least six months in advance.
- Rotations are approximately 5 weeks in length with a total of 10 blocks a year.

Rotation Abbreviation Key:

L&D= Labor & Delivery
