INTRODUCTION

This Summary Booklet describes generally this Benefit Program, which is funded by the Capital Area Health Consortium and for which Anthem Blue Cross and Blue Shield (Anthem BCBS) performs various administrative services.

This Summary Booklet is a description of the Benefit Program only, it is neither intended to describe any other health benefit plans the Employer may offer nor by itself intended to be a summary plan description as defined in the Employee Retirement Income Security Act of 1985, as amended (ERISA). In addition, the Employer may have requirements with regard to the administration of the Benefit Program.

The Benefit Program is a self-insured health benefit plan. It is not an insurance policy or underwritten program. This Summary Booklet has been prepared by Anthem BCBS on behalf of and at the direction of the Employer for the purpose of describing the benefits the Employer has agreed to provide to its Employees and their Dependents under the Benefit Program. The Employer is responsible for whether the Summary Booklet completely or accurately describes the Benefit Program.

Anthem Blue Cross and Blue Shield is the trade name of Anthem Insurance Companies, Inc., an independent licensee of the Blue Cross and Blue Shield Association, provides administrative claims payment services only and do not assume any financial risk or obligation with respect to claims.

Anthem BCBS performs various administrative services with regard to the Benefit Program as described in the Administrative Services Agreement between Anthem BCBS and the Employer. The Employer has the right to change the benefits under the Benefit Program, subject to the terms specified in the Administrative Services Agreement. A change by the Employer of the benefits described in this Summary Booklet will not be administered by Anthem BCBS unless the terms of the Administrative Services Agreement, including notice to Anthem BCBS of the change, are complied with by the Employer. Accordingly, except as specifically required by the terms of the Administrative Services Agreement, Anthem BCBS shall have no responsibility to perform certain administrative services with regard to benefit changes made by the Employer under the Benefit Program unless they are communicated to Anthem BCBS in the manner prescribed under the Administrative Services Agreement. Please be sure to contact the benefits coordinator at the Employer for more information concerning the Employer's obligations under the Administrative Services Agreement; the Employer's requirements, if any, regarding participation in the Benefit Program; and to obtain a summary plan description of the employee health care benefit plan.

Your Employer has agreed to be subject to the terms and conditions of Anthem’s provider agreements which may include Precertification/Prior Authorization and utilization management requirements, timely filing limits, and other requirements to administer the benefits under this Plan.

A Member's rights to benefits under this Benefit Program are subject to all the terms of the Administrative Services Agreement and Description of Benefits, and such rights shall terminate in accordance with the terms and provisions as specified therein.

All the defined terms used in this Summary Booklet have the meanings ascribed to them herein without reference to any of the definitions contained in the Administrative Services Agreement. The terms of this Summary Booklet shall govern and supersede any previous versions of this Summary Booklet and any outlines or other summaries distributed by the Employer or Anthem BCBS with respect to the Benefit Program.

“You” or “your” refers to the Member, Subscriber, and each covered Dependent, and who is named on the Identification (ID) Card. The Subscriber is the person for whom the Employer has provided coverage through his or her employment. The Dependent Member is a covered Dependent of the Subscriber. The Employer has contracted with us to administer coverage for its group’s Subscribers and their Dependent Members. “We,” “us,” and “our” refer to Anthem Blue Cross and Blue Shield (“Anthem BCBS”) as the Claims Administrator. Other terms are defined in the “Definitions” section of the Booklet.
Century Preferred PPO Health Care Benefit Program

This Booklet describes your Century Preferred health care coverage. The Booklet explains the benefits, exclusions, limitations, terms, and conditions of Membership and services and the guidelines which must be followed in order for you to get benefits for Covered Services. The benefits described in this Booklet are equal to or better than those benefits required by State and Federal Mandates. This Booklet replaces and supersedes any Summary Booklet, contract, policy or program of the same or similar coverage that Anthem BCBS may have issued to you prior to the issue date of this Benefit Program. Amendments to this Booklet may occur. The Effective Date of such changes shall be designated by Anthem BCBS and the Employer.

Your Century Preferred Benefit Program is a Preferred Provider Organization (PPO) Benefit Program. This Benefit Program provides service throughout the state of Connecticut. The selection of a primary care Physician (PCP) is recommended. However, this is a managed care program which requires that you observe all guidelines and procedures for obtaining Covered Services.

This Benefit Program offers you the flexibility to determine how you wish to access benefits and obtain Covered Services. There are two levels of coverage under this Benefit Program; In-Network and Out-of-Network coverage. When you visit an Anthem BCBS Century Preferred PPO Provider for Covered Services, you are responsible for any In-Network Cost-Shares. Your benefits are highest when you visit an Anthem BCBS Century Preferred PPO Provider.

If you visit an Out-of-Network Provider for Covered Services, you are responsible for any applicable Out-of-Network Cost-Shares or Penalties. You are also responsible for any charges in excess of the Maximum Allowed Amount (MAA).

When establishing the MAA for the Out-of-Network Providers, Anthem BCBS considers industry costs, reimbursement and utilization data indices, including geographically based national reimbursement data.

Please see the Schedule of Benefits for the applicable Cost-Shares and/or Penalties for both options. In addition to listing the Cost-Shares that are your responsibility, this Schedule of Benefits also contains benefit maximums for specific types of coverage.

Your Century Preferred Benefit Program has a statewide network of Participating Physicians, Providers and Hospitals that you may get In-Network services from. For a listing of these Providers, please see the Century Preferred PPO Provider Directory.

Anthem BCBS is not responsible for notifying a Physician’s patients when the Provider leaves the Participating Provider network. Although the Century Preferred PPO Provider Directory is updated regularly to keep Members informed of a Provider’s participating/non-participating status with Anthem BCBS; we suggest that you check with the Provider as to their participating status prior to getting services.

Your Participating Provider’s agreement for providing Covered Services may include financial incentives or risk sharing relationships related to provision of services or referrals to other Providers, including Network Providers and Non-network Providers and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or Anthem BCBS.

None of Anthem BCBS’s employees or the providers with whom it contracts with to make medical management decisions are paid or provided incentives to deny or withhold benefits for services that are Medically Necessary and are otherwise covered under the Benefit Program. In addition, Anthem BCBS requires certain members of our clinical staff to sign an annual statement. This statement verifies that they are not receiving payments that would either encourage or reward them for denying benefits for services that are Medically Necessary and are otherwise covered under the Benefit Program.
The Member is entitled to the Covered Services described in the Benefits Section of the Booklet. The Covered Services therein are subject to the terms; conditions; and limitations of the Benefit Program and the Booklet.

### BlueCard PPO Program

WHAT YOU PAY FOR COVERED SERVICES

CENTURY PREFERRED PPO

In this section you will find an outline of the benefits included in your Benefit Program and a summary of any Deductibles, Coinsurance, and Copayments that you must pay. Also listed are any Benefit Period Maximums or limits that apply. Please read the “Covered Services” and Prescription Drugs Rider section(s) for more details on the Benefit Program’s Covered Services. Read the “Exclusions and Limitations” section for details on Excluded Services.

All Covered Services are subject to the conditions, Exclusions, limitations, and terms of this Booklet including any endorsements, amendments, or riders.

To get the highest benefits at the lowest Out-of-Pocket cost, you must get Covered Services from an In-Network Provider. Benefits for Covered Services are based on the Maximum Allowed Amount, which is the most the Benefit Program will allow for a Covered Service. When you use an Out-of-Network Provider you may have to pay the difference between the Out-of-Network Provider’s billed charge and the Maximum Allowed Amount in addition to any Coinsurance, Copayments, Deductibles, and non-covered charges. This amount can be substantial. Please read the “Claims Provisions” and “Managed Benefits – Managed Care Guidelines sections for more details.

Deductibles, Coinsurance, and Benefit Period Maximums are calculated based upon the Maximum Allowed Amount, not the Provider’s billed charges.

Schedule of Benefits

This is a brief schedule of benefits. Refer to your Anthem Summary Booklet (Booklet) for complete details on benefits, conditions, limitations and exclusions. All benefits described below are per member per Benefit Period.

   b. Please see the Deductible definition for details on how the Deductible is satisfied.

4. **Coinsurance Reminder:** Your Coinsurance will be based on the Maximum Allowed Amount. If you use an Out-of-Network Provider, you may have to pay Coinsurance plus the difference between the Out-of-Network Provider’s billed charge and the Maximum Allowed Amount.

5. **Out-of-Pocket Limit Notes:**

11. **Professional Services Notes**: Some Physicians and Specialists charge a separate fee for the services they render in addition to a separate fee for the facility where the services are provided.

Anthem BCBS will deem any drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service or supply to be Experimental or Investigational if it determines that one or more of the following criteria apply when the service is rendered with respect to the use for which benefits are sought.

B. Any service not deemed Experimental or Investigational based on the criteria in subsection A. may still be deemed to be Experimental or Investigational by Anthem BCBS. In determining whether a service is Experimental or Investigational, Anthem BCBS will consider the information described in subsection C. and assess the following:

   1. Whether the scientific evidence is conclusory concerning the effects of the service or health outcomes;

   2. Whether the evidence demonstrates the service improves the net health outcomes of the total population for whom the service might be proposed by producing beneficial effects that outweigh any harmful effects;

   3. Whether the evidence demonstrates the service has been shown to be as beneficial for the total population for whom the service might be proposed as any established alternatives;

1. Published authoritative, peer-reviewed medical or scientific literature, or the absence thereof; or

2. Evaluations of national medical associations, consensus panels, and other technology evaluation bodies; or

3. Documents issued by and/or filed with the FDA or other federal, state or local agency with the authority to approve, regulate, or investigate the use of the drug; biologic; device; diagnostic; product; equipment; procedure; treatment; service; or supply; or

4. Documents of an IRB or other similar body performing substantially the same function; or

5. Consent document(s) used by the treating physicians, other medical professionals, or facilities or by other treating physicians, other medical professionals or facilities studying substantially the same drug; biologic; device; diagnostic; product; equipment; procedure; treatment; service; or supply; or

6. 7. Medical records; or

8. The opinions of consulting providers and other experts in the field.

D. Anthem BCBS has the sole authority and discretion to identify and weigh all information and determine all questions pertaining to whether a drug; biologic; device; diagnostic; product; equipment; procedure; treatment; service; or supply is Experimental or Investigational.

Notwithstanding the above, services or supplies will not be considered Experimental if they have successfully completed a Phase III clinical trial of the Federal Food and Drug Administration, for the illness or condition being treated, or the diagnosis for which it is being prescribed.

In addition, services and supplies for Routine Patient Care Costs in connection with a Cancer Clinical Trial will not be considered Experimental.

not primarily for the convenience of the patient, physician or other health care provider and not more costly
than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or
diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.

For the purposes of this subsection, "generally accepted standards of medical practice" means standards that are

If your Benefit Program includes you and other family members then both types of Out-of-Pocket Limits may apply to you. When anyone on the Benefit Program has a health care expense, the money you pay toward the Out-of-Pocket Limit is credited to both the individual and family Out-of-Pocket Limits. HOW YOUR PLAN WORKS

Introduction

Your Plan is a PPO plan. This Plan has In-Network and Out-of-Network benefits. If you choose an In-Network Provider, you will pay less in out-of-pocket costs, such as Copayments, Deductibles, and Coinsurance, and avoid penalties. If you use an Out-of-Network Provider, you will have to pay more out-of-pocket costs.

Where You Can Get Services

When you use an In-Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the In-Network level. Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. We have final authority to decide the Medical Necessity of the service. If services are denied you have the right to file a Grievance as outlined in the “Grievance and External Review Procedures” section of this Booklet.

Primary Care Physician / Provider (PCP)

We recommend you select a Primary Care Physician / Provider (PCP) from our network. PCPs include internists, family/general practitioners, pediatricians, geriatricians, and Advanced Practice Registered Nurse (APRN). Each Member should choose a PCP who is listed in the Provider directory. Each Member of a family may select a different Primary Care Physician. For example, an internist or general practitioner may be chosen for adults and a pediatrician may be selected for children. If you want to change your PCP, call us or see our website, www.anthem.com.

The Primary Care Physician is the Doctor who normally gives, directs, and manages your health care, and provides Preventive Services.

How to Access Primary and Specialty Care Services

- Tell them you are an Anthem BCBS Member
- Have your Member ID card handy. They may ask you for your group number, Member I.D. number, or cost-shares.
- Tell them the reason for your visit.

When you go for your appointment, take your member ID card.
When you need care after normal office hours:

After hours care is provided by your physician who may have a variety of ways of addressing your needs. Call your physician for instructions on how to receive medical care after their normal business hours, on weekends and holidays. This includes information about how to receive non-Emergency Care and non-Urgent Care within the service area for a condition that is not life threatening, but that requires prompt medical attention. If you have an emergency, call 911 or go to the nearest emergency room.

**How to Find a Provider in the Network**

There are three ways you can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

• See your Plan’s directory of In-Network Providers at [www.anthem.com](http://www.anthem.com), which lists the Doctors, Providers, and Facilities that participate in this Plan’s network.

   This directory is an interactive tool that helps you locate Providers based on Provider type, specialty, and location. It will also identify if is a Site-of-Service Provider. This information will appear directly under the name of the Physician or Facility and, when applicable, the tool will automatically sort by Benefit Tier and show the Site-of-Service Providers first in your search results.

• Call Member Services to ask for a list of Doctors and Providers that participate in this Plan’s network, based on specialty and geographic area.

• Check with your Doctor or Provider.

In most cases, there will be a Provider in our Network to treat your specific illness or injury. If there is no In-Network Provider who is qualified to perform the treatment You require, contact Us prior to receiving the service or treatment, and We may approve an Out-of-Network Provider for that service as an Authorized Service.

If you need details about a Provider’s license or training, or help choosing a Doctor who is right for you, call the Member Services number on the back of your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.

**Enhanced Personal Health Care Program**

Certain Primary Care Providers are part of our Enhanced Personal Health Care Program, a program aimed at improving the quality of our Members’ health care. Providers in this program agree to coordinate much of your care and will prepare care plans for Members who have multiple, complex health conditions.

Providers in this program have met certain quality requirements, including standards from the National Committee on Quality Assurance, the American Diabetes Association, the American Academy of Pediatrics, and others. We encourage you to use these Providers whenever possible.

**Your Cost-Shares**

Your Plan may involve Copayments, Deductibles, and/or Coinsurance, which are charges that you must pay when receiving Covered Services. Your Plan may also have an Out-of-Pocket Limit, which limits the cost-shares you must pay. Please read the “Schedule of Benefits” for details on your cost-shares. Also read the “Definitions” section for a better understanding of each type of cost-share.
The BlueCard Program

Like all Blue Cross & Blue Shield plans throughout the country, we participate in a program called "BlueCard," which provides services to you when you are outside our Service Area. For more details on this program, please see “Inter-Plan Arrangements” in the “Claims Payment” section.

Identification Card (ID Card)

We will give an Identification Card (ID Card) to each Member enrolled in the Plan. When you get care, you must show your Identification Card. Only a Member who has paid the Premiums for this Plan has the right to services or benefits under this Booklet. If anyone gets services or benefits to which they are not entitled to under the terms of this Booklet, he/she must pay for the actual cost of the services.
GETTING APPROVAL FOR BENEFITS – Managed Care

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Booklet. Utilization Review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

If you have any questions about the Utilization Review process, the medical policies, or guidelines, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if we decide your services are Medically Necessary. For benefits to be covered, on the date you get service:

- You must be eligible for benefits;
- Premium must be paid for the time period that services are given;
- The service or supply must be a Covered Service under your Plan;
- The service cannot be subject to an Exclusion under your Plan; and
- You must not have exceeded any applicable limits under your Plan.

### Types of Reviews

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.

- **Precertification** – A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental / Investigational as those terms are defined in this Booklet.

For admissions following Emergency Care, you, your authorized representative or Doctor must tell us within 48 hours of the admission or as soon as possible within a reasonable period of time. For childbirth admissions, Precertification is not needed unless there is a problem and/or the mother and baby are not sent home at the same time. Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

- **Continued Stay / Concurrent Review** - A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

Both Pre-Service and Continued Stay / Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any Doctor with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.
Reviewing Where Services Are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be Medically Necessary if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not Medically Necessary for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for Medical Necessity. At times a different Provider or Facility may need to be used in order for the service to be considered Medically Necessary. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a Hospital but may be approvable if provided on an outpatient basis at a Hospital.
- A service may be denied on an outpatient basis at a Hospital but may be approvable at a free standing imaging center, infusion center, Ambulatory Surgery Center, or in a Physician’s office.
- A service may be denied at a Skilled Nursing Facility but may be approvable in a home setting.

Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. Anthem may decide that a treatment that was asked for is not Medically Necessary if a clinically equivalent treatment that is more cost effective is available and appropriate. “Clinically equivalent” means treatments that for most Members, will give you similar results for a disease or condition.

Who is Responsible for Precertification?

Typically Network Providers, other than BlueCard Providers, know which services need Precertification and will get any precertification when needed. Your Primary Care Physician and other In-Network Providers (non BlueCard) have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, facility or attending Doctor ("requesting Provider") will get in touch with Us to ask for a Precertification. However, you may request a Precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

How Decisions are Made

We use our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider”. Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the Precertification phone number on the back of your Identification Card.

If you are not satisfied with our decision under this section of your benefits, please refer to the “Grievance and External Review Procedures” section to see what rights may be available to you.

Decision and Notice Requirements

We will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, we will follow state laws. If you live in and/or get services in a state other than the state where your Contract was issued other state-specific requirements may apply. You may call the phone number on the back of your Identification Card for more details.

If more information is needed to make our decision, we will tell the requesting Provider of the specific information needed to finish the review. If we do not get the specific information we need by the required timeframe, we will make a decision based upon the information we have.

We will notify you and your Provider of our decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

**Important Information**

We also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then we may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Benefit Program’s Members.

**Health Plan Individual Case Management**

We have a range of programs designed to provide and/or help coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions (the “Program(s)”). Our Programs provide certain services, coordinate benefits and/or educate Members who agree to take part in them to help meet their health-related needs.

Our Programs are confidential and voluntary and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of Anthem and are separate from any Covered Services you are receiving.

If you meet Program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and team work with you and, as appropriate, your chosen authorized representative, treating Doctor(s), and other Providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.
In certain cases of severe or chronic illness or injury, Anthem BCBS, on behalf of the Employer, may provide benefits for alternate care that is not listed as a Covered Service. Anthem BCBS, on behalf of the Employer, may also extend Covered Services beyond the Benefit Maximums of this Benefit Program. Anthem BCBS, on behalf of the Employer, will make our decision case-by-case, if in our discretion the alternate or extended benefit is in the best interest of you and Anthem, and you or your authorized representative agree to all Program requirements in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify you or your authorized representative in writing.
COVERED SERVICES – What’s Covered

This Section lists Covered Services and the benefits we pay, on behalf of the Employer. This Benefit Program shall provide benefits for the Covered Services described in this section when performed by a Participating Physician, Participating Provider, Participating Hospital, or Non-Participating Physician, Non-Participating Provider or Non-Participating Hospital, and subject to any applicable Cost-Share for Covered Services. Not complying with the guidelines outlined in the Managed Benefits Section of the Booklet may result in Penalties or the denial of benefits. Benefits are based on the setting in which Covered Services are received. Please see the Schedule of Benefits for any applicable Cost-Shares.

The following conditions apply to the description of Covered Services referenced in the Covered Services section:

a. All Covered Services and Benefits are subject to the conditions, exclusions, limitations, terms and provisions of this Booklet, including any attachments and riders.

b. To receive maximum benefits for Covered Services, you must follow the terms of the Booklet, including, if applicable, receipt of care from your primary care physician, use of in-network providers, and obtaining any required Prior Authorization.

c. Benefits for Covered Services are based on the Maximum Allowed Amount for such service.

d. If you have an Out-of-Network benefit and use a non-Network Provider, you are responsible for the difference between the non-Network Provider’s charge and the Maximum Allowed Amount, in addition to any applicable Cost-Shares. Anthem BCBS cannot prohibit non-Network Providers from billing you for the difference in the non-Network Provider’s charge and the Maximum Allowed Amount. If you do not have an Out-of-Network benefit, your entire claim will be denied.

e. Benefits for Covered Services may be payable subject to an approved treatment plan created under the terms of the Booklet.

f. Anthem BCBS’s payment for Covered Services will be limited by any applicable Cost-Shares or benefit limits in the Booklet, including the Schedule of Benefits.

g. The fact that a Provider may prescribe, order, recommend or approve a service, treatment or supply does not make it Medically Necessary or a Covered Service and does not guarantee payment.

h. Anthem BCBS bases its decisions about referrals, Prior Authorization, Medical Necessity, experimental services and new technology on medical policy developed by Anthem BCBS. Anthem BCBS may also consider published peer-review medical literature, opinions of experts and the recommendations of nationally recognized public and private organizations which review the medical effectiveness of health care services and technology.
AMBULANCE SERVICES

This Booklet Covers:

Medically Necessary ambulance services are a Covered Service when you are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, water, fixed wing, and rotary wing air transportation.

And one or more of the following criteria are met:

• For ground ambulance you are taken:
  – From your home, the scene of an accident or medical Emergency to a Hospital;
  – Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital
  – Between a Hospital and a Skilled Nursing Facility, or other approved Facility.

• For air or water ambulance, you are taken:
  – From the scene of an accident or medical Emergency to a Hospital;
  – Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital
  – Between a Hospital and an approved Facility.

• For Medical transportation services provided through the Home Health Agency (in conjunction with the Home Health Care services), you are taken:
  – from a Hospital or Provider to Home after discharge;
  – to and from a Hospital or Provider for treatment; or
  – from Home to a Hospital or Provider, if readmission is necessary.

Notes:

Please see the Schedule of Benefits for any applicable Cost-Shares.

Ambulance services are subject to Medical Necessity reviews by us.

Benefits are available for Ambulance Services when the Member’s condition at the time of the treatment is confirmed to have been a Medical Emergency and, in the course of such transport, care is provided as may be reasonably necessary to maintain the life of, or stabilize the condition of, the Member.

Emergency ground ambulance services do not require Precertification / Prior Authorization and are allowed regardless of whether the Provider is an In-Network or Out-of-Network Provider. For Emergency ambulance services performed by an Out-of-Network Provider you do not need to pay any more than would have been paid for services from an In-Network Provider.

Non-Emergency ambulance services are subject to Medical Necessity reviews by us. You must be taken to the nearest Facility that can give care for your condition. In certain cases we may approve benefits for transportation to a Facility that is not the nearest Facility. When using an air ambulance for non-Emergency transportation, we reserve the right to select the air ambulance Provider. If you do not use the air ambulance Provider we selected, except in an emergency, no benefits will be available.
Important Notes on Air Ambulance Benefits
Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Benefit Program will cover the air ambulance. Air ambulance will also be covered if you are in an area that a ground or water ambulance cannot reach.

Hospital to Hospital Transport
If you are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the Hospital that first treats cannot give you the medical services you need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, you must be taken to the closest Hospital that can treat you. Coverage is not available for air ambulance transfers simply because you, your family, or your Provider prefers a specific Hospital or Physician.

Covered Services do not include:
Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family or Doctor are not a Covered Service.

Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility or rehabilitation facility), or if you are taken to a Physician’s office or your home.

Other non-covered ambulance services include, but are not limited to, trips:

- To a Doctor’s office or clinic;
- To a morgue or funeral home;
- To Elective Hospital Admissions;
- In Wheelchair vans, ambulettes or medical cabs.

Please refer to the Exclusions and Limitations Section of this Booklet for other services not covered under this Benefit Program.

**HUMAN ORGAN AND TISSUE TRANSPLANT (BONE MARROW / STEM CELL / CORD BLOOD) SERVICES**

**This Booklet Covers:**

Your Plan includes coverage for Medically Necessary Human Organ and Tissue Transplants. Cost-Shares for the Human Organ and Tissue Transplant benefit will be based on the setting in which Covered Services are received.

Certain services (e.g., cornea and ventricular assist devices) are covered like any other surgery, under the regular inpatient and outpatient benefits described elsewhere in this Booklet.

This section describes benefits for certain Covered Transplant Procedures that you get during the Transplant Benefit Period. Any Covered Services related to a Covered Transplant Procedure, received before or after the Transplant Benefit Period, are covered under the regular Inpatient and outpatient benefits described elsewhere in this Booklet. Please call our Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation and/or work-up for a transplant.

**Covered Transplant Procedure**

As decided by us, any Medically Necessary human organ, tissue, and bone marrow / stem cell / cord blood transplants and infusions including necessary acquisition procedures, mobilization, collection and storage. It also includes Medically Necessary myeloablative or reduced intensity preparative chemotherapy, radiation therapy, or a combination of these therapies.

Please note the initial evaluation, any added tests to determine your eligibility as a candidate for a transplant by your Provider, and the collection and storage of bone marrow / stem cells / cord blood is included in the Covered Transplant Procedure benefit regardless of the date of service.

**In-Network Transplant Provider**

A Provider that we have chosen as a Center of Excellence and/or a Provider selected to take part as an In-Network Transplant Provider by the Blue Cross and Blue Shield Association. The Provider has entered into a Transplant Provider Agreement to give Covered Transplant Procedures to you and take care of certain administrative duties for the transplant network. A Provider may be an In-Network Transplant Provider for:

- Certain Covered Transplant Procedures; or
- All Covered Transplant Procedures.

To get the most benefits under your Plan, you must get certain human organ and tissue transplant services from an In-Network Transplant Provider. Even if a Hospital is an In-Network Provider for other services, it may not be an In-Network Transplant Provider for certain transplant services. Please call us to find out which Hospitals are In-
Network Transplant Providers. (When calling Member Services, ask for the Transplant Case Manager for further details).

**Out-of-Network Transplant Provider**

Any Provider that has NOT been chosen as a Center of Excellence by us or has not been selected to take part as an In-Network Transplant Provider by the Blue Cross and Blue Shield Association. When you use an Out-of-Network Transplant Providers benefits will be covered at the Out-of-Network level.

When you chose an Out-of-Network Transplant Provider:

- If the Out-of-Network Transplant Provider is also an In-Network Provider for this Plan (for services other than Covered Transplant Procedures), then you will not have to pay for Covered Transplant Procedure charges over the Maximum Allowed Amount.
- If the Provider is an Out-of-Network Provider for this Plan, you will have to pay for Covered Transplant Procedure charges over the Maximum Allowed Amount.

**Transplant Benefit Period**

At an In-Network Transplant Provider Facility, the Transplant Benefit Period starts one day before a Covered Transplant Procedure and lasts for the applicable case rate / global time period. The number of days will vary depending on the type of transplant received and the In-Network Transplant Provider agreement. Call the Case Manager for specific In-Network Transplant Provider details for services received at or coordinated by an In-Network Transplant Provider Facility.

At an Out-of-Network Transplant Provider Facility, the Transplant Benefit Period starts one day before a Covered Transplant Procedure and lasts until the date of discharge.

Before and after the Transplant Benefit Period, Covered Services will be covered as Inpatient Services, Outpatient Services, Home Visits, or Office Visits depending where the service is performed.

**Prior Approval and Precertification**

To maximize your benefits, you should call Our Transplant Department as soon as you think you may need a transplant to talk about your benefit options. **You must do this before you have an evaluation and/or work-up for a transplant.** We will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, In-Network Transplant Provider rules, or exclusions apply. Call the Member Services phone number on the back of your Identification Card and ask for the transplant coordinator. Even if We give a prior approval for the Covered Transplant Procedure, you or your Provider must call Our Transplant Department for Precertification prior to the transplant whether this is performed in an Inpatient or Outpatient setting.

Precertification is required before we will cover benefits for a transplant. Your Doctor must certify, and we must agree, that the transplant is Medically Necessary. Your Doctor should send a written request for Precertification to us as soon as possible to start this process. Please see the “Managed Benefits – Managed Care Guidelines” section for how to obtain Precertification.

Please note that there are cases where your Provider asks for approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search and/or collection and storage is NOT an approval for the later requested transplant. A separate Medical Necessity decision will be needed for the transplant.
Donor Services

Live Donor Health Service

Medically Necessary charges for getting an organ from a live donor are covered up to our Maximum Allowed Amount, including complications from the donor procedure for up to six weeks from the date of procurement. A live donor is a person who provides the organ, part of an organ, or tissue for transplantation while alive to another person.

Donor Searches

Your Plan includes one Human Leukocyte Antigen (HLA) testing, also referred to as histocompatibility locus antigen testing, for A, B and DR antigens, for use in bone marrow transplantation per lifetime. The testing must be done at an accredited facility and at the time of testing you must sign a consent form authorizing the results of the testing to be used in the national Marrow Donor Program.

Unrelated donor searches from an authorized, licensed registry for bone marrow / stem cell / cord blood transplants for a Covered Transplant Procedure are covered by when approved through Precertification as described above. Donor search charges are limited to the 10 best matched donors, identified by an authorized registry.

PRESCRIPTION DRUGS ADMINISTERED BY A MEDICAL PROVIDER

This Booklet Covers:

Your Benefit Program covers Prescription Drugs, including Specialty Drugs, that must be administered to you as part of a doctor’s visit, home care visit, or at an outpatient Facility when they are Covered Services. This may include Drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any Drug that must be administered by a Provider. This section applies when a Provider orders the Drug and a medical Provider administers it to you in a medical setting. Benefits for Drugs that you inject or get through your Pharmacy benefits (i.e., self-administered Drugs) are not covered under this section. Benefits for those Drugs are described in the “Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy” section.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, your prescribing Doctor may be asked to give more details before we can decide if the Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, we have established criteria.
The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated (Any step therapy regimen shall be implemented consistent with applicable law),
- Use of an Anthem Prescription Drug List (a formulary developed by Anthem) which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness.

**Covered Prescription Drugs**

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Compound drugs are a Covered Service when a commercially available dosage form of a Medically Necessary medication is not available, all the ingredients of the compound drug are FDA approved as designated in the FDA’s Orange Book: Approved Drug Products with Therapeutic Equivalence Evaluations, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

**Precertification**

Precertification may be required for certain Prescription Drugs to help make sure proper use and guidelines for Prescription Drug coverage are followed. We will give the results of our decision to both you and your Provider.

For a list of Prescription Drugs that need Precertification, please call the phone number on the back of your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with us to verify Prescription Drug coverage, to find out which Drugs are covered under this section and if any drug edits apply.

Please refer to the section “Getting Approval for Benefits” for more details.

If precertification is denied you have the right to file a Grievance as outlined in the “Grievance Review Procedures” section of this Booklet.

**Designated Pharmacy Provider**

Anthem in its sole discretion, may establish one or more Designated Pharmacy Provider programs which provide specific pharmacy services (including shipment of Prescription Drugs) to Members. An In-Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the In-Network Provider must have signed a Designated Pharmacy Provider Agreement with us. You or your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to you or your Provider and administered in your Provider’s office, you and your Provider are required to order from a Designated Pharmacy Provider. A Patient Care coordinator will work with you and your Provider to obtain Precertification and to assist shipment to your Provider’s office.

We may also require you to use a Designated Pharmacy Provider to obtain Prescription Drugs for treatment of certain clinical conditions such as Hemophilia. We reserve our right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to you. Anthem may, from time to time, change with...
or without advance notice, the Designated Pharmacy Provider for a Drug, if in our discretion, such change can help provide cost effective, value based and/or quality services.

If You are required to use a Designated Pharmacy Provider and you choose not to obtain your Prescription Drug from a Designated Pharmacy Provider, coverage will be provided at the Out-of-Network level.

You can get the list of the Prescription Drugs covered under this section by calling Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com.

**Therapeutic Substitution**

Therapeutic substitution is an optional program that tells you and your Doctor about alternatives to certain prescribed Drugs. We may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic Drug substitutes, call Member Services at the phone number on the back of your Identification Card.

All benefits provided under this Benefit Program are subject to the Coordination of Benefits provision as described in this Section.

**Applicability**

The Coordination of Benefits (COB) provision applies to this Benefit Program when a Member has health care coverage under more than one Plan as defined below.

If the Member is covered by this Benefit Program and another Plan, the Order of Benefit Determination Rules in this Section shall decide which Plan is the Primary Plan. The benefits of this Plan:

a. Shall not be reduced when under the Order of Benefit Determination Rules this Benefit Program is the Primary Plan; but

b. May be reduced or the reasonable cash value of any Covered Service provided under this Benefit Program may be recovered from the Primary Plan when under the Order of Benefit Determination Rules another Plan is the Primary Plan. The above reduction is described in the Effect Of This Benefit Program On The Benefits subsection;

c. Penalties imposed on a Member by the primary carrier are not subject to COB;

d. The Member must submit the explanation of benefits from the Primary Plan to Anthem BCBS within two years of the date of service in order to be eligible for payment under this Coordination of Benefits Section.

**Definitions**

In addition to the defined terms listed in the Definitions section of this Benefit Program, the following also apply to this Coordination of Benefits Section.

**ALLOWABLE EXPENSE:**
The term Allowable Expense means a Medically Necessary Allowable Expense, for an item of expense for health care, when the item of expense, including any Cost-Share amounts, is covered at least in part by one or more Plans covering the Member for whom the claim is made. When this Benefit Program provides Covered Services, the reasonable cash value of each Covered Service is the Allowable Expense and is a benefit paid.

Allowable Expense does not include coverage for:

- Dental Care, Vision care, Prescription Drugs, or hearing aid programs.
- The difference between the cost of a private Hospital room and the cost of a semi-private Hospital room is not considered an Allowable Expense under the above definition unless the patient’s stay in a private Hospital room is Medically Necessary.
- The amount that is subject to the Primary high-Deductible health plan’s Deductible, if We have been advised by you that all Plans covering you are high-Deductible health plans and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.

**CLAIM DETERMINATION PERIOD:**
The term Claim Determination Period means a Calendar Year. However, it does not include any part of a Calendar Year during which a person has no coverage under this Benefit Program, or any part of a Calendar Year before the date this COB provision or a similar provision takes effect.
PLAN:
For the purpose of this Section, the term Plan means any of the following which provides benefits or services for, or because of, medical care or treatment:

a. Group health insurance, group-type coverage, whether fully insured or self-insured, or any other contract or arrangement where a health benefit is provided. This includes prepayment, staff or group practice association health maintenance organization coverage.

b. Coverage under a governmental Plan or required or provided by law. This does not include a state Plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, or the United States Social Security Act as amended from time to time). It also does not include any Plan when, by law, its benefits are more than those of any private insurance program or other non-governmental program.

c. Medical benefits coverage of no-fault and traditional automobile fault contracts, as provided in this Section.

Each contract or other arrangement for coverage under (a), (b) or (c) is a separate Plan. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate Plan.

PRIMARY PLAN:
The term Primary Plan means a Plan whose benefits for a person’s health care coverage must be determined without taking the existence of any other Plan into consideration. A Plan is a Primary Plan if either (a) or (b) below is true:

a. The Plan either has no Order of Benefit Determination rules or it has rules which differ from those stated in this Section; or

b. All Plans which cover the person use the Order of Benefit Determination rules as shown in this Section and under those rules the Plan decides its benefits first. There may be more than one Primary Plan (for example: two Plans which have no Order of Benefit Determination rules).

When this Benefit Program is the Primary Plan, Covered Services are provided or covered without considering the other Plan’s benefits.

SECONDARY PLAN:
The term Secondary Plan means a Plan which is not a Primary Plan. If a person is covered by more than one Secondary Plan, the Order of Benefit Determination rules of this Section decide the order in which the benefits are determined in relation to each other. The benefits of the Secondary Plan may take into account the benefits of the Primary Plan or Plans and the benefits of any other Plan which, under the rules of this Section, has its benefits determined before those of the Secondary Plan.

When this Benefit Program is the Secondary Plan, benefits for Covered Services under the Benefit Program may be reduced and the Benefit Program, or Anthem BCBS on its behalf, may recover from the Primary Plan, the Provider of Covered Services, or the Member, the reasonable cash value of the Covered Services provided by this Benefit Program.

Order of Benefit Determination Rules

1. General Rule
When a Member receives Covered Services by or through this Benefit Program or is otherwise entitled to claim benefits under this Benefit Program and has followed all Anthem BCBS guidelines and procedures, including Prior Authorization requirements as specified in this Benefit Program, and the Covered Services are a basis for a claim under another Plan, this Benefit Program is a Secondary Plan which has its benefits determined after those of the other Plan, unless:
a. The other Plan has rules coordinating its benefits with those described in the Booklet; and
b. Both the other Plan’s rules and this Benefit Program’s coordination rules, as described below, require that this Benefit Program’s benefits be determined before those of the other Plan.

2. Coordination Rules

Anthem BCBS decides its order of benefits using the following rules:

a. Other than a Dependent

The benefits of the Plan which covers the person as a Subscriber (that is, other than as a Dependent) are primary to those of the Plan which covers the person as a Dependent;

b. Dependent Child/Parents Not Separated or Divorced

When this Benefit Program and another Plan cover the same child as a Dependent of different persons, called “parents” the Plan of the parent whose birthday falls earlier in a year is primary to the Plan of the parent whose birthday falls later in that year, but if both parents have the same birthday, the Plan which covered a parent longer is primary. Only the month and day of the birthday are considered.

c. Dependent Child/Separated or Divorced Parents

In the case of a Member for whom claim is made as a Dependent child:

i. When the parents are separated or divorced and the parent with legal custody of the child has not remarried, the benefits of a Plan which covers the child as a Dependent of the parent with legal custody of the child shall be determined before the benefits of a Plan which covers the child as a Dependent of the parent without legal custody;

ii. When the parents are divorced and the parent with legal custody of the child has remarried, the benefits of a Plan which covers the child as a Dependent of the parent with custody shall be determined before the benefits of a Plan which covers that child as a Dependent of the stepparent.

The benefit of a Plan which covers that child as a Dependent of the step-parent shall be determined before the benefits of a Plan which covers that child as a Dependent of the parent without legal custody.

The terms of a court order state that one of the parents is financially responsible for the health care expenses of the child, then the Plan which covers the child as a Dependent of the financially responsible parent shall be determined before the benefits of any other Plan which covers the child as a Dependent child. The provisions of this Subsection do not apply with respect to any Claim Determination Period or Plan year during which any benefits are actually paid or provided before the payor has that actual knowledge.

d. Active/Inactive Employee

A Plan which covers a person as an employee who is neither laid off nor retired (or as that employee’s Dependent) is primary to a Plan which covers that person as a laid-off or retired employee (or as that employee’s Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule (d) is ignored.

e. Longer/Shorter Length of Coverage

If none of the above rules determines the order of benefits, the Plan which covered you longer is primary to the Plan which covered that person for the shorter time.
f. Medicare

If a Member is eligible for Medicare and still covered under this Benefit Program, Anthem BCBS will administer the benefits of this Benefit Program, except as required by law. However, these benefits will be reduced to an amount which, when added to the benefits received pursuant to Medicare, may equal, but not be more than the actual charges for services covered in whole or in part by either this Benefit Program or Parts A, B and D of Medicare.

(Note: Certain services may not require Prior Authorization when it is determined that Anthem BCBS is the Secondary Plan. Contact Member Services before any services are rendered to determine if such services require Prior Authorization. In the event that a later determination finds that Anthem BCBS is the Primary Plan, any services that were obtained without Prior Authorization while Anthem BCBS was administering benefits as a Secondary Plan will not require Prior Authorization as would be required under a Primary Plan.)

### Effect Of This Benefit Program On The Benefits

1. This Subsection applies when, in accordance with the Order of Benefit Determination Rules, this Benefit Program is a Secondary Plan as to one or more other Plans. In that event, the benefits of this Benefit Program may be reduced under this Subsection. Such other Plan or Plans are referred to as “the other Plans.”

2. Reduction in this Benefit Program’s benefits. When the Benefit Program is the Secondary Plan, Anthem BCBS will provide benefits under the Benefit Program so that the sum of the reasonable cash value of any Covered Service provided by the Benefit Program and the benefits payable under the other Plans shall not total more than the Allowable Expense. Benefits will be provided by the Secondary Plan at the lesser of: the amount that would have been paid had it been the Primary Plan or the balance of the bill. Anthem BCBS shall never pay more than it would have paid as the Primary Plan.

If another Plan provides that its benefits are “excess” or “always secondary” (known as the non-complying Plan) and if this Benefit Program is determined to be secondary under this Benefit Program’s COB provisions, the amount of benefits payable under this Benefit Program shall be determined on the basis of this Benefit Program being secondary. If the non-complying Plan does not provide the information needed by this Plan to determine its benefits within a reasonable time after it is requested to do so, this Plan shall assume that the benefits of the non-complying Plan are identical to its own, and shall pay its benefits accordingly. However, this Plan must adjust any payments it makes based on such assumption whenever information becomes available as to the actual benefits of the non-complying Plan.

### Right To Receive And Release Needed Information

Certain information is needed to apply these COB rules. Anthem BCBS has the right to decide which information it needs. By enrolling in the Benefit Program the Member consents to the release of information needed to apply the COB rules. Any Member claiming benefits under this Benefit Program must furnish information to Anthem BCBS which Anthem BCBS determines is necessary for the coordination of benefits.

### Facility Of Payment

A payment made or a service provided under another Plan may include an amount which should have been paid or provided under this Benefit Program. If it does, Anthem BCBS may pay that amount to the organization which made that payment. Such amount shall then be considered as though it were a benefit paid under this Benefit Program.
Right Of Recovery

If the amount of the payments made by the Benefit Program is more than it should have paid under this COB provision, or if it has provided services which should have been paid by the Primary Plan, the Benefit Program may recover the excess or the reasonable cash value of the Covered Services, as applicable, from one or more of the persons it has paid or for whom it has paid, insurance companies, or other organizations.

The right of the Benefit Program to recover from a Member shall be limited to the Allowable Expense that the Member has received from another Plan. Acceptance of Covered Services will constitute consent by the Member to the Benefit Program’s right of recovery. The Member agrees to take all further action to execute and deliver such documents as may be required and do whatever else is necessary to secure the Benefit Program’s rights to recover excess payments. The Member’s failure to comply may result in a withdrawal of benefits already provided or a denial of benefits requested.

Anthem BCBS has the right to enforce the Benefit Program’s rights under this provision.
CLAIMS PROVISIONS

This section describes how we reimburse claims and what information is needed when you submit a claim. When you receive care from an In-Network Provider, you do not need to file a claim because the In-Network Provider will do this for you. If you receive care from an Out-of-Network Provider, you will need to make sure a claim is filed. Many Out-of-Network Hospitals, Doctors and other Providers will file your claim for you, although they are not required to do so. If you file the claim, use a claim form as described later in this section.

Anthem BCBS reserves the right to review any submitted claims for services and has complete discretion to interpret and apply the terms of the Benefit Program and to determine which services are eligible for payment.

**Maximum Allowed Amount (MAA)**

General

This section describes how we determine the amount of reimbursement for Covered Services. Reimbursement for services rendered by In-Network and Out-of-Network Providers is based on your Booklet’s Maximum Allowed Amount for the Covered Service that you receive. Please see “Inter-Plan Arrangements” for additional information.

The Maximum Allowed Amount for this Booklet is the maximum amount of reimbursement we will allow for services and supplies:

- That meet our definition of Covered Services, to the extent such services and supplies are covered under your Booklet and are not excluded;
- That are Medically Necessary; and
- That are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in your Booklet.

You will be required to pay a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. In addition, when you receive Covered Services from an Out-of-Network Provider, you may be responsible for paying any difference between the Maximum Allowed Amount and the Provider’s actual charges. This amount can be significant.

When you receive Covered Services from a Provider, we will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services you received were not Medically Necessary. It means we have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Doctor or other healthcare professional, we may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

**Provider Network Status**

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network Provider or an Out-of-Network Provider.
An In-Network Provider is a Provider who is in the managed network for this specific product or in a special Center of Excellence/or other closely managed specialty network, or who has a participation contract with us. For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for this Booklet is the rate the Provider has agreed with us to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding an In-Network Provider or visit www.anthem.com.

Providers who have not signed any contract with us and are not in any of our networks are Out-of-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers.

For Covered Services you receive from an Out-of-Network Provider the Maximum Allowed Amount for this Booklet will be one of the following as determined by us:

1. An amount based on our managed care fee schedules used with In-Network Providers, which we reserve the right to modify from time to time; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the Maximum Allowed amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually; or
3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers’ fees and costs to deliver care, or
4. An amount negotiated by us or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management, or
5. An amount based on or derived from the total charges billed by the Out-of-Network Provider.

Providers who are not contracted for this product, but are contracted for other products with us are also considered Out-of-Network. For this Booklet, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between us and that Provider specifies a different amount.

For Covered Services rendered outside Anthem’s Service Area by Out-of-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan’s non-participating provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price.

Unlike In-Network Providers, Out-of-Network Providers may send you a bill and collect for the amount of the Provider’s charge that exceeds our Maximum Allowed Amount. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing an In-Network Provider will likely result in lower out-of-pocket costs to you. Please call Member Services for help in finding an In-Network Provider or visit our website at www.anthem.com.

Member Services is also available to assist you in determining this Booklet’s Maximum Allowed Amount for a particular service from an Out-of-Network Provider. In order for us to assist you, you will need to obtain from your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider’s charges to calculate your out-of-pocket responsibility. Although Member Services can assist you with this pre-service information, the final Maximum Allowed Amount for your claim will be based on the actual claim submitted by the Provider.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by us using Prescription Drug cost information provided by the Pharmacy Benefits Manager.
Member Cost-Share

For certain Covered Services and depending on your Plan design, you may be required to pay a part of the Maximum Allowed Amount as your cost-share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your cost-share amount and Out-of-Pocket Limits may vary depending on whether you received services from an In-Network or Out-of-Network Provider. Specifically, you may be required to pay higher cost sharing amounts, have Penalties, or may have limits on your benefits when using Out-of-Network Providers. Please see the “Schedule of Benefits” in this Booklet for your cost-share responsibilities and limitations, or call Member Services to learn how this Booklet’s benefits or cost-share amounts may vary by the type of Provider you use.

We will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by your Provider for non-Covered Services, regardless of whether such services are performed by an In-Network or Out-of-Network Provider. Non-covered services include services specifically excluded from coverage by the terms of your Benefit Program and received after benefits have been exhausted Benefits may be exhausted by exceeding, for example, benefit caps or day/visit limits.

In some instances you may only be asked to pay the lower In-Network cost sharing amount when you use an Out-of-Network Provider. For example, if you go to an In-Network Hospital or Provider Facility and unknowingly receive Covered Services from an Out-of-Network Provider such as a radiologist, anesthesiologist or pathologist who is employed by or contracted with an In-Network Hospital or Facility, you will pay the In-Network cost-share amounts for those Covered Services. However, you also may be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider’s charge.

We and/or our designated pharmacy benefits manager may receive discounts, rebates, or other funds from drug manufacturers, wholesalers, distributors, and/or similar vendors, which may be related to certain Prescription Drug purchases under this Benefit Booklet and which positively impact the cost effectiveness of Covered Services. These amounts are retained by us. These amounts will not be applied to your Deductible, if any, or taken into account in determining your Copayment or Coinsurance.

The following are examples for illustrative purposes only; the amounts shown may be different than this Booklet’s cost-share amounts; see your “Schedule of Benefits” for your applicable amounts.

Example: Your Benefit Program has a Coinsurance cost-share of 20% for In-Network services, and 30% for Out-of-Network services after the In-Network or Out-of-Network Deductible has been met.

You undergo a surgical procedure in an In-Network Hospital. The Hospital has contracted with an Out-of-Network anesthesiologist to perform the anesthesiology services for the surgery. You have no control over the anesthesiologist used.

- The Out-of-Network anesthesiologist’s charge for the service is $1200. The Maximum Allowed Amount for the anesthesiology service is $950; your Coinsurance responsibility is 20% of $950, or $190 and the remaining allowance from us is 80% of $950, or $760. Provided the Deductible has been met, your total out-of-pocket responsibility would be $190 (20% Coinsurance responsibility).

- You choose an In-Network surgeon. The charge was $2500. The Maximum Allowed Amount for the surgery is $1500; your Coinsurance responsibility when an In-Network surgeon is used is 20% of $1500, or $300. We allow 80% of $1500, or $1200. The In-Network surgeon accepts the total of $1500 as reimbursement for the surgery regardless of the charges. Your total out-of-pocket responsibility would be $300.

- You choose an Out-of-Network surgeon. The Out-of-Network surgeon’s charge for the service is $2500. The Maximum Allowed Amount for the surgery is $1500; your Coinsurance responsibility for the Out-of-Network surgeon is 30% of $1500, or $450 after the Out-of-Network Deductible has been met. We allow the remaining 70% of $1500, or $1050. In addition, the Out-of-Network surgeon could bill you the difference
between $2500 and $1500, so your total Out-of-Pocket charge would be $450 plus an additional $1000, for a total of $1450.

**Authorized Services**

In some circumstances, such as where there is no In-Network Provider available for the Covered Service, we may authorize the In-Network cost-share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service you receive from an Out-of-Network Provider. In such circumstances, you must contact us in advance of obtaining the Covered Service. We also may authorize the In-Network cost-share amounts to apply to a claim for Covered Services if you receive Emergency services from an Out-of-Network Provider and are not able to contact us until after the Covered Service is rendered. If we authorize a Network cost-share amount to apply to a Covered Service received from an Out-of-Network Provider, You may also still be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider’s charge. Please contact Member Services for Authorized Services information or to request authorization.

The following are examples for illustrative purposes only; the amounts shown may be different than this Booklet’s cost-share amounts; see your “Schedule of Benefits” for your applicable amounts.

Example: You require the services of a specialty Provider; but there is no In-Network Provider for that specialty in your state of residence. You contact us in advance of receiving any Covered Services, and we authorize you to go to an available Out-of-Network Provider for that Covered Service and we agree that the In-Network cost-share will apply.

- **Your Benefit Program has a $45 Copayment for Out-of-Network Providers and a $25 Copayment for In-Network Providers for the Covered Service. The Out-of-Network Provider’s charge for this service is $500. The Maximum Allowed Amount is $200.**
  
- **Because we have authorized the In-Network cost-share amount to apply in this situation, you will be responsible for the In-Network Copayment of $25 and we will be responsible for the remaining $175 of the $200 Maximum Allowed Amount.**

- **Because the Out-of-Network Provider’s charge for this service is $500, you may receive a bill from the Out-of-Network Provider for the difference between the $500 charge and the Maximum Allowed Amount of $200. Combined with your In-Network Copayment of $25, your total out-of-pocket expense would be $325.**

**Claim Procedures**

**Participating Physician, Providers and Hospitals**

When you receive Covered Services from a Participating Physician, Provider or Hospital the Physician or Provider shall file the claim with Anthem BCBS. Any payment due under this Benefit Program shall be made directly to the Participating Physician, Provider or Hospital.

If further review of a claim is requested the Member should first contact Member Services. If resolution is not met, the Member should follow the guidelines set forth in the Grievance And External Review Process section of this Booklet.

Benefits for Covered Services will be reimbursed based on the Maximum Allowed Amount for Participating Physicians, Providers or Hospitals.

**Non-Participating Physicians, Providers and Hospitals**

Claims must be submitted by the Member when a Member receives Covered Services from a Non-Participating Physician, Provider or Hospital. The Member should obtain a complete itemized bill for services (charge card receipts and “balance due” statement are not acceptable) from the Physician, Provider or Hospital. The itemized bill,
along with your name and identification number should be submitted in accordance with the Payment of Covered Services Section of the Booklet.

In some instances the Non-Participating Provider may file the claim directly to Anthem BCBS and any payment due under the Benefit Program shall be made directly to the Non-Participating Provider.

Benefits for Covered Services will be reimbursed based on the Maximum Allowed Amount for Non-Participating Physicians, Providers or Hospitals. Hospitals outside the United States are eligible to receive the Maximum Allowed Amount based on the rate of exchange.

If further review of a claim is requested the Member should first contact Member Services. If resolution is not met, the Member should follow the guidelines set forth in the Grievance And External Review Process section of the Booklet.

### Payment for Covered Services

Anthem BCBS will make the payment for Covered Services under the Benefit Program on behalf of the Employer. We will make benefit payments directly to In-Network (Participating) Providers for Covered Services.

However, if you use an Out-of-Network (Non-Participating) Provider, we may make benefit payments directly to you or the Out-of-Network Provider, at our discretion. You will then be responsible for payment to the Out-of-Network Provider. Anthem BCBS reserves the right to make payments on behalf of the Employer directly to the Member at Anthem BCBS’s discretion. In certain situations where a Dependent child receives Covered Services from an Out-of-Network Provider, Anthem BCBS may send payments and claim notifications directly to a designated representative or the custodial parent, even if that parent is not a Member. You cannot assign your right to benefits to anyone else, except as required by a Qualified Medical Child Support Order as defined by ERISA or any applicable law.

Any benefit payments made us for Covered Services will discharge the Benefit Program’s obligation for Covered Services.

Once a Provider performs a Covered Service, we will not honor a request for us to withhold payment of the claims submitted.

In order to be considered for payment, claims submitted by a Member for payment for Covered Services provided by an Out-of-Network Provider must be received by Anthem BCBS within 2 years from the date the Covered Services were performed. Claims for Covered Services more than 2 years after the date the services were performed shall not be covered or paid. Claims for Covered Services must be submitted to:

Anthem Blue Cross and Blue Shield
P.O. Box 726
North Haven, CT 06473

Anthem BCBS will not routinely issue a benefit payment, on behalf of the Employer under the Benefit Program, of less than $1.00 except upon written request from the Member.

Paper Claims, for benefits for Covered Services provided to a Member, will be processed within sixty (60) days of the date the claim is received by Anthem BCBS. However, if additional information is needed to process and pay the claim, Anthem BCBS will send the claimant a written notice within thirty (30) days after receiving the claim, requesting the additional information required to process the claim. Upon receiving the requested information, Anthem BCBS will pay the claim within thirty (30) days.

Electronic claims, for benefits for Covered Services provided to a Member, will be processed within twenty (20) days of Anthem BCBS receiving them. If the claim does not include all required information, Anthem BCBS will
send the claimant a written notice requesting the information be sent within ten (10) days. Upon receiving the requested information, Anthem BCBS will pay the claim within ten (10) days.

If the time to process a health claim is extended because the Member has not submitted requested information, the time period requirements for claim processing will be tolled from the date the notice of requested information is sent to the Member until the date Anthem BCBS receives the Member’s response. Anthem BCBS will make a claim decision within fifteen (15) days after receipt of the requested information. Members should submit the requested information within forty-five (45) days of receipt of the request.

**Claim Overpayments**

When the Benefit Program has made payments for Covered Services either in error or in excess of the maximum amount of payment necessary to satisfy the provisions of this Benefit Program, the Benefit Program has the right to recover these payments from one or more of the following as may be appropriate. The Benefit Program will not attempt to recover from any Member or Provider overpayments not made to or held by such Member or Provider.

Overpayments may be recovered from:

- Any person to or for whom such payments were made;
- Any insurance companies; or
- Any other organizations.

The Benefit Program’s right to recover may include subtracting from future benefits payments the amount the Benefit Program has paid in error or in excess. The Subscriber personally and on behalf of his or her Dependents will, upon request, execute and deliver such documents as may be required and do whatever is necessary to secure the Benefit Program’s right to recover any erroneous or excess payments.

Under BlueCard, recoveries made from a Blue Cross and/or Blue Shield plan in the BlueCard program or from participating providers of a Blue Cross and/or Blue Shield plan in the BlueCard program can arise in several ways, including, but not limited to, anti-fraud and abuse audits, provider/hospital audits, credit balance audits, utilization review refunds, and unsolicited refunds. In some cases, the Blue Cross and/or Blue Shield plan will engage third parties to assist in discovery or collection of recovery amounts. The fees of such a third party are netted against the recovery. Recovery amounts, net of fees, if any, will be applied in accordance with applicable BlueCard policies, which generally require correction on a claim-by-claim or prospective basis.

Anthem BCBS has the right to enforce the Benefit Program’s rights under this provision.

**Claim Denials**

If benefits are denied, in whole or in part, Anthem BCBS will send the Member a written notice within the established time periods described in the section Payment for Covered Services. The Member or the Member’s duly authorized representative may appeal the denial as described in the Grievance And External Review Process section. The adverse determination notice will include the reason(s) for the denial, reference to the Plan provisions(s) on which the denial is based, whether additional information is needed to process the claim and why the information is needed, the claim appeal procedures and time limits, and if applicable, the Member’s right to bring civil action under ERISA section 502(a).

If the denial involves a utilization review determination, the notice will also specify:

- whether an internal rule, guideline, protocol or other criterion was relied upon in making the claim decision and that this information is available to the Member upon request and at no charge;
that an explanation of the scientific or clinical judgment for a decision based on Medical Necessity, Experimental or Investigational treatment or a similar limitation is available to the Member upon request and at no charge.

**Claims Review**

Anthem BCBS has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balanced billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

**Claim Forms**

Claim forms will usually be available from most Providers. If forms are not available, either send a written request for a claims form to us, or contact Member Services and ask for a claims form to be sent to you. If you do not receive the claims form, written notice of services rendered may be submitted to us without the claim form. The same information that would be given on the claim form must be included in the written notice of claim. This includes:

- Name of patient.
- Patient's relationship with the Subscriber.
- Identification number.
- Date, type, and place of service.
- Your signature and the Provider’s signature.
INTER-PLAN ARRANGEMENTS

Out-of-Area Services - Overview

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements”. These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area we serve (the “Anthem Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described in the sections below.

When you receive care outside of the Anthem service area, you will receive it from one of two kinds of Providers. Most Providers (“participating Providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some Providers (“Non-participating Providers”) don’t contract with the Host Blue. We explain below how we pay both kinds of Providers.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that you obtain from a Pharmacy and most dental or vision benefits.

BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for (a) contracting with its Providers, and (b) handling its interactions with those Providers.

When you receive Covered Services outside the Anthem service area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to Us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem may process your claims for Covered Services through Negotiated Arrangements for National Accounts.
The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or the negotiated price (refer to the description of negotiated price under the BlueCard Program section) made available to Anthem by the Host Blue.

### Special Cases: Value-Based Programs - Blue Card® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue’s Service Area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

### Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

### Non-Participating Providers Outside Our Service Area

1. **Allowed Amounts and Member Liability Calculation**

   When Covered Services are provided outside of Anthem’s service area by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state of federal law. In these situations, the amount you pay for such services, as Deductible, Copayment, or Coinsurance, will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency services.

2. **Exceptions**

   In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem service area, or a special negotiated price to determine the amount we will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the non-participating Provider bills and the payment we make for the Covered Services as set forth in this paragraph.

In those cases, please call Member Services at the phone number on your Identification Card. We will try to resolve your complaint.
informally. If you are not satisfied with the resolution of your complaint, you have the right to file a grievance (also known as an appeal). - The member’s name and ID number;
- The name of the provider who will or has provided care;
- The date(s) of service;
- The claim or reference number for the specific decision with which you don’t agree;
- The specific reason(s) why you don’t agree with the decision; and
- Any written comments, documents or other relevant information to support the request.

At any time, you can name someone to act for you. You must do this in writing.

**For Medical and Prescription Drug or Pharmacy Issues:**
Anthem Blue Cross and Blue Shield
Grievances and Appeals

North Haven, CT 06473-4201

**For Mental Health and Substance Abuse Issues:**
Anthem Blue Cross and Blue Shield
Grievances and Appeals
P.O. Box 2100
North Haven, CT 06473-4201

**How are Grievances Handled?**

If your grievance is based on medical necessity, the appropriate clinical peer will review it. A clinical peer is a doctor or other health care professional who holds a non-restricted license in a state of the United States and in the same or similar specialty as typically manages the medical condition, procedure or treatment under review. For a substance use or mental health disorder, the clinical peer will have additional qualifications. All relevant information given to us by you or on your behalf will be reviewed regardless of whether it was considered at the time the initial decision was made. If your grievance involves a substance use or mental health disorder, we will use the required criteria to review your request.

If your grievance is not based on medical necessity, we will send it for appropriate administrative review.

We may reach out to any providers who may have additional information to support your grievance. The reviewers will not have been involved in the initial decision. They also will not be a subordinate (in a lower position) of the person who made the initial decision.

Before issuing a decision on a grievance of an adverse coverage decision based on medical necessity, we will give you, free of charge, any new or additional evidence relied upon or scientific or clinical rationale. We will give you this information in advance of the grievance resolution date. This will allow you a reasonable amount of time to respond before that date.
Standard (Non-urgent) Grievance

You may ask for a standard grievance (a grievance that is not urgent) for a coverage decision you don’t agree with. You can also ask for a standard grievance for a rescission (ending or canceling) of coverage. Your request must be in writing. In your request, please let us know that you are asking for a grievance. Include any additional information you have to support your request.

We will respond to a grievance for a medical necessity decision within 30 calendar days from the date we get the request. If the decision is not based on medical necessity, we will respond within 20 business days from the date we get the request. Our response will be in writing.

Urgent (Expedited) Grievances

An urgent grievance is available if you have not had or are currently receiving services and the timeframe of a standard grievance review could:

- Seriously jeopardize (harm) your life or health;
- Jeopardize your ability to regain maximum function; or
- In the opinion of a health care professional with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the health care service or treatment being requested.

We will let you know our decision within 72 hours of receiving a request for an urgent grievance described in this section. We will let you know our decision by phone, fax, or any other available means.

For urgent grievances related to Mental Health and Substance Abuse disorders please see the next section.

While you may file an urgent grievance in writing, we encourage you to call Member Services with this type of request. This will help us handle the review fast.

Mental Health Disorder and Substance Use Disorder

An urgent grievance is also available for:

- Substance use disorder or co-occurring mental health disorder; or
- Inpatient services, partial hospitalization, residential treatment, or intensive outpatient services needed to keep a Member from requiring an inpatient setting in connection with a mental health disorder.

We will let you know our decision within 24 hours of receiving a request for an urgent grievance described in this section. We will let you know our decision by phone, fax, or any other available means.

While you may file an urgent grievance in writing, we encourage you to call Member Services with this type of request. This will help us handle the review fast.

External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the Claims Administrator within four (4) months of the notice of your final internal adverse determination.
A request for an External Review must be in writing unless the Claims Administrator determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through our internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the Claims Administrator’s decision, can be sent between the Claims Administrator and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the Claims Administrator at the number shown on your identification card and provide at least the following information:

- the identity of the claimant;
- the date(s) of the medical service;
- the specific medical condition or symptom;
- the provider’s name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the Claims Administrator determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross and Blue Shield
ATTN: Grievance & Appeals/External Appeals
P.O. Box 1038
North Haven, CT 06473

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care plan. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws.

**Prescription Drug List Exceptions**

Please refer to the “Prescription Drug List” section in “Prescription Drug Rider” section for the process to submit an exception request for Drugs not on the Prescription Drug List.

**Requirement to file an Appeal before filing a lawsuit**

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced no earlier than 60 days after we receive the claim or other request for benefits and within three years of our final decision on the claim or other request for benefits. If we decide an appeal is untimely, our latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust our internal appeals process before filing a lawsuit or other legal action of any kind against us.

*We reserve the right to modify the policies, procedures and timeframes in this section upon further clarification from the Department of Health and Human Services and Department of Labor.*
ELIGIBILITY AND ENROLLMENT – Adding Members

In this section you will find information on who is eligible for coverage under this Plan and when Members can be added to your coverage. Eligibility requirements are described in general terms below. For more specific information, please see your Human Resources or Benefits Department.

Who is Eligible for Coverage

The Subscriber
To be eligible to enroll as a Subscriber, the individual must:

- Be an employee, member, or retiree of the Employer, and:
- Be entitled to participate in the benefit Plan arranged by the Employer;
- Have satisfied any probationary or waiting period established by the Employer and (for non-retirees) perform the duties of your principal occupation for the Employer;

Dependents
To be eligible to enroll as a Dependent, you must be listed on the enrollment form completed by the Subscriber, meet all Dependent eligibility criteria established by the Employer, and be one of the following:

- The Subscriber’s spouse. For information on spousal eligibility please contact the Employer.
- The Subscriber’s or the Subscriber’s spouse’s children, including natural children, stepchildren, newborn and legally adopted children and children who the Employer has determined are covered under a Qualified Medical Child Support Order as defined by ERISA or any applicable state law and who has not obtained health insurance through their own employer.
- Children for whom the Subscriber or the Subscriber’s spouse is a legal guardian or as otherwise required by law.

All enrolled eligible children will continue to be covered until the the end of the month once they reach 26 years of age. Coverage may be continued past the age limit in the following circumstances:

For those already enrolled Dependents who cannot work to support themselves due to mental or physical handicap. The Dependent’s disability must start before the end of the period they would become ineligible for coverage. We must be informed of the Dependent’s eligibility for continuation of coverage within 31 days after the Dependent would normally become ineligible. You must then give proof as often as we require. This will not be more often than once a year after the two-year period following the child reaching the limiting age. You must give the proof at no cost to us. You must notify us if the Dependent’s marital status changes and they are no longer eligible for continued coverage.

You may be required to give proof of continued eligibility for any enrolled child. Your failure to give this information could result in termination of a child’s coverage.

To obtain coverage for children, you may be required to give us a copy of any legal documents awarding guardianship of such child(ren) to you.
Types of Coverage
Your Employer offers the enrollment options listed below. After reviewing the available options, you may choose the option that best meets your needs. The options are as follows:

- Subscriber only (also referred to as single coverage);
- Subscriber and spouse;
- Subscriber and child(ren);
- Subscriber and family.

When You Can Enroll

Initial Enrollment
The Employer will offer an initial enrollment period to new Subscribers and their Dependents when the Subscriber is first eligible for coverage. Coverage will be effective based on the waiting period chosen by the Employer, and will not exceed 90 days.

If you did not enroll yourself and/or your Dependents during the initial enrollment period you will only be able to enroll during an Open Enrollment period or during a Special Enrollment period, as described below.

Open Enrollment
Open Enrollment refers to a period of time, during which eligible Subscribers and Dependents can apply for or change coverage. Open Enrollment occurs only once per year. The Employer will notify you when Open Enrollment is available.

Special Enrollment Periods
If a Subscriber or Dependent does not apply for coverage when they were first eligible, they may be able to join the Plan prior to Open Enrollment if they qualify for Special Enrollment. Except as noted otherwise below, the Subscriber or Dependent must request Special Enrollment within 31 days of a qualifying event.

Special Enrollment is available for eligible individuals who:

- Lost eligibility under a prior health plan for reasons other than non-payment of Fees or due to fraud or intentional misrepresentation of a material fact.
- Exhausted COBRA benefits, or stopped receiving Employer contributions toward the cost of the prior health plan.
- Lost employer contributions towards the cost of the other coverage.
- Are now eligible for coverage due to marriage, birth, adoption, or placement for adoption.

Important Notes about Special Enrollment:
- Members who enroll during Special Enrollment are not considered Late Enrollees.
- Individuals must request coverage within 31 days of a qualifying event (i.e., marriage, exhaustion of COBRA, etc.).
Medicaid and Children’s Health Insurance Program Special Enrollment

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber’s or Dependent’s Medicaid or Children’s Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program)

The Subscriber or Dependent must request Special Enrollment within 60 days of the above events.

Late Enrollees

If the Subscriber does not enroll themselves and/or their Dependents when first eligible or during a Special Enrollment period, they will not be eligible to enroll until the next Open Enrollment Period.

Members Covered Under the Employer’s Prior Plan

Members who were previously enrolled under another plan offered by the Employer that is being replaced by this Plan are eligible for coverage on the Effective Date of this coverage.

If at the time of the Effective Date of coverage you or your covered dependents become eligible for coverage under this Plan while inpatient at a Hospital, Hospice, Skilled Nursing Facility, Rehabilitation Facility or Residential Treatment Facility, the coverage under this Plan will be effective. To the extent that the costs of hospitalization, inpatient stay or any medical care relating to that hospitalization or inpatient stay are the responsibility of a previous carrier, the payment of these claims will be coordinated with the previous carrier in accordance with State law. You should notify us when an inpatient stay under these circumstances occurs.

Enrolling Dependent Children

Newborn Children

Newborn children are covered automatically from the moment of birth. Following the birth a child, you should submit an application / change form to the Employer within 31 days to add the newborn to your Plan.

Note: Although this 31 day requirement does not apply if there are no additional Fees required, we still need an application / change form to make sure the Employer has accurate records and are able to cover your claims.

Adopted Children

A child will be considered adopted from the earlier of: (1) the moment of placement in your home; or (2) the date of an entry of an order granting custody of the child to you. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

Your Dependent’s Effective Date will be the date of the adoption or placement for adoption if you send the Employer the completed application / change form within 60 days of the event.

Adding a Child due to Award of Legal Custody or Guardianship

If you or your spouse is awarded legal custody or guardianship for a child, an application must be submitted within 60 days of the date legal custody or guardianship is awarded by the court. Coverage will be effective on the date the court granted legal custody or guardianship.

Qualified Medical Child Support Order

If you are required by a qualified medical child support order or court order, as defined by ERISA and/or applicable state or federal law, to enroll your child in this Plan, we will permit the child to enroll at any time without regard to
any Open Enrollment limits and will provide the benefits of this Plan according to the applicable requirements of such order. However, a child's coverage will not extend beyond any Dependent Age Limit listed in “Who is Eligible for Coverage” under “Dependents”.

### Updating Coverage and/or Removing Dependents

You are required to notify the Employer of any changes that affect your eligibility or the eligibility of your Dependents for this Plan. When any of the following occurs, contact the Employer and complete the appropriate forms:

- Changes in address;
- Marriage or divorce;
- Death of an enrolled family member (a different type of coverage may be necessary);
- Enrollment in another health plan or in Medicare;
- Eligibility for Medicare;
- Dependent child reaching the Dependent Age Limit (see “Termination and Continuation of Coverage”);
- Enrolled Dependent child either becomes totally or permanently disabled, or is no longer disabled;
- A Dependent child obtains group health coverage through their own employer.

Failure to notify the Employer of individuals no longer eligible for services will not obligate the Plan to cover such services, even if Fees are received for those individuals. All notifications must be in writing and on approved forms.

### Nondiscrimination

No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

### Statements and Forms

All Members must complete and submit applications, or other forms or statements that the Employer may reasonably request.

Any rights to benefits under this Plan are subject to the condition that all such information is true, correct, and complete. Any material misrepresentation by you may result in termination of coverage as provided in the “Termination and Continuation of Coverage” section. The Plan will not use a statement made by you to void your coverage after that coverage has been in effect for two years. This does not apply, however, to fraudulent misstatements.
TERMINATION AND CONTINUATION OF COVERAGE

Termination

Except as otherwise provided, your coverage may terminate in the following situations:

- When the Administrative Services Agreement between the Employer and us terminates. It will be the Employer’s responsibility to notify you of the termination of coverage.

- If you choose to terminate your coverage.

- If you or your Dependents cease to meet the eligibility requirements of the Plan, subject to any applicable continuation requirements. If you cease to be eligible, you must notify the Employer immediately. You shall be responsible for payment for any services incurred by you after you cease to meet eligibility requirements.

- If you elect coverage under another carrier’s health benefit plan, which is offered by the Employer as an option instead of this Plan, subject to the consent of the Employer. The Employer agrees to immediately notify us that you have elected coverage elsewhere.

- If you perform an act, practice, or omission that constitutes fraud or make an intentional misrepresentation of material fact, as prohibited by the terms of your Plan, your coverage and the coverage of your Dependents can be retroactively terminated or rescinded. A rescission of coverage means that the coverage may be legally voided back to the start of your coverage under the Plan, just as if you never had coverage under the Plan. You will be provided with a 30 calendar day advance notice with appeal rights before your coverage is retroactively terminated or rescinded. You are responsible for paying us for the cost of previously received services based on the Maximum Allowable Amount for such services, less any Copayments made or Fees paid for such services.

- If you fail to pay or fail to make satisfactory arrangements to pay your portion of the Fees, the Employer may terminate your coverage and may also terminate the coverage of your Dependents.

- If you permit the use of your or any other Member’s Plan Identification Card by any other person; use another person’s Identification Card; or use an invalid Identification Card to obtain services, your coverage will terminate immediately. Anyone involved in the misuse of a Plan Identification Card will be liable to and must reimburse the Plan for the Maximum Allowed Amount for services received through such misuse.

You will be notified in writing of the date your coverage ends by either us or the Employer.

Removal of Members

Upon written request through the Employer, you may cancel your coverage and/or your Dependent’s coverage from the Plan. If this happens, no benefits will be provided for Covered Services after the termination date.

Continuation of Coverage Under Federal Law (COBRA)

The following applies if you are covered by an Employer that is subject to the requirements of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, as amended.

COBRA continuation coverage can become available to you when you would otherwise lose coverage under your Employer’s health Plan. It can also become available to other Members of your family, who are covered under the Plan, for benefits under the Plan.

You will be notified, in writing, of your rights under COBRA. You must file a request for continuation coverage within 60 days of the date you first become eligible to elect continuation coverage.

You will be responsible for paying any COBRA premiums your employer charged you. You will have 45 days from the date you receive the notice to make payment arrangements with your employer.

You will receive a notice from us within 60 days of your coverage loss that tells you about your rights under COBRA.

You must make any elections you want to make within 60 days after the date of your coverage loss.

You will be notified in writing of the date your coverage ends by either us or the Employer.

COBRA continuation coverage continues for the same period of time as the coverage that was in effect immediately before the loss of coverage.

You will be notified in writing of the date your coverage ends by either us or the Employer.
Employer’s health Plan, when they would otherwise lose their health coverage. For additional information about your rights and duties under federal law, you should contact the Employer.

**Qualifying events for Continuation Coverage under Federal Law (COBRA)**

COBRA continuation coverage is available when your coverage would otherwise end because of certain “qualifying events”. After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary”. You, your spouse and your Dependent children could become qualified beneficiaries if you were covered on the day before the qualifying event and your coverage would be lost because of the qualifying event. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each Member of your family who is enrolled in the Plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of annual enrollment. Covered Subscribers may elect COBRA continuation coverage on behalf of their spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered Subscriber during the period of continuation coverage is also eligible for election of continuation coverage.

| **For Dependents:** | |
| A Covered Subscriber’s Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer’s Health Plan Due to Reduction In Hours Worked | 18 months |
| Covered Subscriber’s Entitlement to Medicare | 36 months |
| Divorce or Legal Separation | 36 months |
| Death of a Covered Subscriber | 36 months |

| **For Dependent Children:** | |
| Loss of Dependent Child Status | 36 months |

COBRA coverage will end before the end of the maximum continuation period listed above if you become entitled to Medicare benefits. In that case a qualified beneficiary – other than the Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if you become entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for your spouse and children can last up to 36 months after the date of Medicare entitlement.)

**If Your Employer Offers Retirement Coverage**

If you are a retiree under this Plan, filing a proceeding in bankruptcy under Title 11 of the United States Code may be a qualifying event. If a proceeding in bankruptcy is filed with respect to your Employer, and that bankruptcy
results in the loss of coverage, you will become a qualified beneficiary with respect to the bankruptcy. Your Dependents will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under this Plan. If COBRA coverage becomes available to a retiree and his or her covered family members as a result of a bankruptcy filing, the retiree may continue coverage for life and his or her Dependents may also continue coverage for a maximum of up to 36 months following the date of the retiree’s death.

Second qualifying event

If your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage, your Dependents can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused your Dependents to lose coverage under the Plan had the first qualifying event not occurred.

Notification Requirements

The Employer will offer COBRA continuation coverage to qualified beneficiaries only after the Employer has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the Subscriber, commencement of a proceeding in bankruptcy with respect to the employer, or the Subscriber’s becoming entitled to Medicare benefits (under Part A, Part B, or both), the Employer will notify the COBRA Administrator (e.g., Human Resources or their external vendor) of the qualifying event.

You Must Give Notice of Some Qualifying Events

For other qualifying events (e.g., divorce or legal separation of the Subscriber and spouse or a Dependent child’s losing eligibility for coverage as a Dependent child), you must notify the Employer within 60 days after the qualifying event occurs.

Electing COBRA Continuation Coverage

To continue your coverage, you or an eligible family Member must make an election within 60 days of the date your coverage would otherwise end, or the date the company’s benefit Plan Administrator notifies you or your family Member of this right, whichever is later. You must pay the total Fee appropriate for the type of benefit coverage you choose to continue. If the Fee rate changes for active associates, your monthly Fee will also change. The Fee you must pay cannot be more than 102% of the Fee charged for Employees with similar coverage, and it must be paid to the company’s benefit plan administrator within 30 days of the date due, except that the initial Fee payment must be made before 45 days after the initial election for continuation coverage, or your continuation rights will be forfeited.

Disability extension of 18-month period of continuation coverage

For Subscribers who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Subscribers who become disabled during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These Subscribers’ Dependents are also eligible for the 18- to 29-month disability extension. (This also applies if any covered family Member is found to be disabled.) This would only apply if the qualified beneficiary gives notice of disability status within 60 days of the disabling determination. In these cases, the Employer can charge 150% of Fees for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no longer be disabled, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30 days after the Social Security Administration’s determination.)

Trade Adjustment Act Eligible Individual

If you don’t initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused you to be eligible initially for COBRA coverage under this Plan, you will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period will commence on the first day of the month on which you become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period.
When COBRA Coverage Ends

COBRA benefits are available without proof of insurability and coverage will end on the earliest of the following:

- A covered individual reaches the end of the maximum coverage period;
- A covered individual fails to pay a required Fee on time;
- A covered individual becomes covered under any other group health plan after electing COBRA. If the other group health plan contains any exclusion or limitation on a pre-existing condition that applies to you, you may continue COBRA coverage only until these limitations cease;
- A covered individual becomes entitled to Medicare after electing COBRA; or
- The Group terminates all of its group welfare benefit plans.

Other Coverage Options Besides COBRA Continuation Coverage

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions

Questions concerning your Employer's health Plan and your COBRA continuation coverage rights should be addressed to the Employer. For more information about your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor’s Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA’s website.)

Continuation of Coverage Due To Military Service

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Subscriber or his / her Dependents may have a right to continue health care coverage under the Plan if the Subscriber must take a leave of absence from work due to military leave.

Employers must give a cumulative total of five years and in certain instances more than five years, of military leave.

“Military service” means performance of duty on a voluntary or involuntary basis and includes active duty, active duty for training, initial active duty for training, inactive duty training, and full-time National Guard duty.

During a military leave covered by USERRA, the law requires employers to continue to give coverage under this Plan to its Members. The coverage provided must be identical to the coverage provided to similarly situated, active employees and Dependents. This means that if the coverage for similarly situated, active employees and Dependents is modified, coverage for you (the individual on military leave) will be modified.

You may elect to continue to cover yourself and your eligible Dependents by notifying your employer in advance and submitting payment of any required contribution for health coverage. This may include the amount the employer normally pays on your behalf. If your military service is for a period of time less than 31 days, you may not be required to pay more than the active Member contribution, if any, for continuation of health coverage. For military leaves of 31 days or more, you may be required to pay up to 102% of the full cost of coverage, i.e., the employee and employer share.

The amount of time you continue coverage due to USERRA will reduce the amount of time you will be eligible to continue coverage under COBRA.
Maximum Period of Coverage During a Military Leave

Continued coverage under USERRA will end on the earlier of the following events:

- The date you fail to return to work with the Employer following completion of your military leave. Subscribers must return to work within:
  - The first full business day after completing military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service.
  - 14 days after completing military service for leaves of 31 to 180 days,
  - 90 days after completing military service for leaves of more than 180 days; or
- 24 months from the date your leave began.

Reinstatement of Coverage Following a Military Leave

Regardless of whether you continue coverage during your military leave, if you return to work your health coverage and that of your eligible Dependents will be reinstated under this Plan if you return within:

- The first full business day of completing your military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service;
- 14 days of completing your military service for leaves of 31 to 180 days; or
- 90 days of completing your military service for leaves of more than 180 days.

If, due to an illness or injury caused or aggravated by your military service, you cannot return to work within the time frames stated above, you may take up to:

- Two years; or
- As soon as reasonably possible if, for reasons beyond your control you cannot return within two years because you are recovering from such illness or injury.

If your coverage under the Plan is reinstated, all terms and conditions of the Plan will apply to the extent that they would have applied if you had not taken military leave and your coverage had been continuous. Any waiting / probationary periods will apply only to the extent that they applied before.

Please note that, regardless of the continuation and/or reinstatement provisions listed above, this Plan will not cover services for any illness or injury caused or aggravated by your military service, as indicated in the “What’s Not Covered” section.

Family and Medical Leave Act of 1993

A Subscriber who takes a leave of absence under the Family and Medical Leave Act of 1993 (the Act) will still be eligible for this Plan during their leave. We will not consider the Subscriber and his or her Dependents ineligible because the Subscriber is not at work.

If the Subscriber ends their coverage during the leave, the Subscriber and any Dependents who were covered immediately before the leave may be added back to the Plan when the Subscriber returns to work without medical underwriting. To be added back to the Plan, the Employer may have to give us evidence that the Family and Medical Leave Act applied to the Subscriber. We may require a copy of the health care Provider statement allowed by the Act.
RIGHT OF RECOVERY

To the extent permissible by law, Anthem BCBS shall have a right of recovery against third parties for benefits for Covered Services provided under the terms of this Benefit Program, where the Member has a right of recovery against third parties for the cost of Covered Services. Anthem agrees to administer its responsibilities under this recovery provision in accordance with applicable statutory and regulatory requirements in effect from time to time.

Acceptance of Covered Services will constitute consent by the Member to Anthem BCBS’s right of recovery. The Member agrees to take all further action to execute and deliver such additional instruments and to take such other action as Anthem BCBS shall require to implement this provision. Anthem BCBS will have the right to bring suit against such third party in the name of the Member and in its own name as subrogee. The Member shall do nothing to prejudice the rights given to Anthem BCBS by this provision without its consent.

If a Member received payment from a third party by suit or settlement for the cost of Covered Services, such Member is obligated to reimburse Anthem BCBS less Anthem BCBS’s pro rata share of the reasonable attorney’s fees and cost the Member sustained in obtaining the recovery.

With respect to self-insured towns, cities or boroughs, the Member shall reimburse the Employer from any tortfeasor recovery for medical, hospital and prescription expenses paid due to the negligence of a third party as limited by the provisions of applicable Connecticut state law. For purposes of this subsection the definition of “tortfeasor recovery” means moneys paid by or on behalf of the person or entity whose negligence or recklessness caused the injuries for which medical, hospital and prescription expenses were incurred.

We have established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses and settle or compromise recovery amounts. We will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. We may not provide you with notice of overpayments made by Us or you if the recovery method makes providing such notice administratively burdensome.
GENERAL PROVISIONS

Assignment

The Group cannot legally transfer this Booklet, without obtaining written permission from us. Members cannot legally transfer the coverage. Benefits available under this Booklet are not assignable by any Member without obtaining written permission from us, unless in a way described in this Booklet.

Care Coordination

We pay, on behalf of the Employer, In-Network Providers in various ways to provide Covered Services to you. For example, sometimes we may pay In-Network Providers a separate amount for each Covered Service they provide. We may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, we may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, we may pay In-Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate In-Network Providers for coordination of Member care. In some instances, In-Network Providers may be required to make payment to us because they did not meet certain standards. You do not share in any payments made by In-Network Providers to us under these programs.

Clerical Errors

Clerical errors or reasonable delays in recording or reporting dates made in connection with the Benefit Program, whether by Anthem BCBS, the Member, or an Employer will not invalidate coverage that would otherwise have been effective, or continue coverage that would otherwise have terminated, or should not have been in effect. A clerical error will never disturb or affect your coverage, as long as your coverage is valid under the rules of the Benefit Program.

Confidentiality and Release of Information

By your application, you have agreed to allow your Providers to give us the needed information about the care they provide, to you to the extent permitted by law.

We will use reasonable efforts, and take the same care to preserve the confidentiality of your medical information. Data collected in the course of providing services hereunder may be used for statistical evaluation and research. If such data is ever released to a third party, it shall be released only in aggregate statistical form without identifying you. Medical information may be released only with your written consent or as required by law. It must be signed, dated and must specify the nature of the information and to which persons and organizations it may be disclosed. You may access your own medical records.

Your medical information may be released to professional peer review organizations and to the Employer for purposes of reporting claims experience or conducting an audit of our operations, provided the information disclosed is reasonably necessary for the Employer to conduct the review or audit.

A statement describing our policies and procedures for preserving the confidentiality of medical records is available and will be furnished to you upon request.
Conformity with Law

Any term of the Benefit Program which is in conflict with the federal law will hereby be automatically amended to conform with the minimum requirements of such laws.

Contract with Anthem

The Employer, on behalf of itself and its participants, hereby expressly acknowledges its understanding that this Benefit Program constitutes a Contract solely between the Employer and us, Anthem Blue Cross Blue Shield dba Anthem Blue Cross and Blue Shield (Anthem), and that we are an independent corporation licensed to use the Blue Cross and Blue Shield names and marks in the state of Connecticut. The Blue Cross Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, we are not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield plan or licensee. The Employer, on behalf of itself and its participants, further acknowledges and agrees that it has not entered into this Contract based upon representations by any person other than Anthem and that no person, entity, or organization other than Anthem shall be held accountable or liable to the Employer for any of Anthem’s obligations to the Employer created under the Contract. This paragraph shall not create any additional obligations whatsoever on our part other than those obligations created under other terms of this agreement.

Form or Content of Booklet

No agent or employee of ours is authorized to change the form or content of this Booklet. Changes can only be made through a written authorization, signed by an officer of the Employer.

Government Programs

The benefits under this Benefit Program shall not duplicate any benefits that you are entitled to, under any other governmental program. This does not apply if any particular laws require us to be the primary payer. If the Benefit Program has duplicated such benefits, all money paid by such programs to you for services you have or are receiving, shall be returned by or on your behalf to the Benefit Program.

Identification Cards

We will give an Identification Card to each Member enrolled in the Benefit Program. When you get care, you must show your Identification Card. Only covered Members have the right to services or benefits under this Booklet. If anyone gets services or benefits to which they are not entitled to under the terms of this Benefit Program, he/she must pay for the actual cost of the services.

Limitation of Actions

No legal action may be taken to recover benefits within 60 days after notice of claim has been given, nor may any action be brought after two years from the date Covered Services are received.

Medical Policy and Technology Assessment

Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or
Medical Necessity of new technology. Guidance and external validation of Anthem’s medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including Anthem’s medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

**Modifications**

The plan sponsor may change the benefits described in this Booklet and the Member will be informed of such changes as required by law. This Booklet shall be subject to amendment, modification, and termination in accordance with any of its provisions by the Employer, or by mutual agreement between the Claims Administrator and the Employer without the consent or concurrence of any Member. By electing medical and Hospital benefits under the Benefit Program or accepting the Plan benefits, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all terms, conditions, and provisions hereof.

**Not Liable for Provider Acts or Omissions**

Anthem BCBS and the Benefit Program are not responsible for the actual care you receive from any person. This Booklet does not give anyone any claim, right, or cause of action against Anthem or the Benefit Program based on the actions of a Provider of health care, services, or supplies. The Benefit Program and the Claims Administrator’s Network Providers are independent entities contracting with each other for the sole purpose of carrying out the provisions of the Benefit Program. The Benefit Program will not be liable for any act or omission of any Provider or any agent or employee of a Provider. Network Physicians maintain the Physician-patient relationship with Members and are solely responsible to Members for all medical services they provide.

**Payment Innovation Programs**

We pay, on behalf of the Employer, In-Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of an In-Network Provider’s total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, In-Network Providers may be required to make payment to us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific Covered Services provided to you, but instead, are based on the In-Network Provider’s achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by us or to us under the Program(s), and you do not share in any payments made by Network Providers to us under the Program(s).

**Policies and Procedures**

We, on behalf of the Employer, may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of the Benefit Program with which a Member shall comply.
Under the terms of the Administrative Service Agreement with your Employer, we have the authority to institute from time to time, utilization management, care management, disease management, case management, or wellness pilot initiatives in certain designated geographic areas. These pilot initiatives are part of our ongoing effort to find innovative ways to make available high quality and more affordable healthcare. A pilot initiative may affect some, but not all Members under the Benefit Program. These programs will not result in the payment of benefits which are not provided in the Employer's Group Health Plan, unless otherwise agreed to by the Employer. We reserve the right to discontinue a pilot initiative at any time without advance notice to Employer.

**Program Incentives**

We, on behalf of the Employer, may offer incentives from time to time, at our discretion, in order to introduce you to covered programs and services available under this Benefit Program. The purpose of these incentives include, but is not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost-shares. Acceptance of these incentives is voluntary as long as Anthem offers the incentives program. We may discontinue an incentive for a particular covered program or service at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

**Relationship of Parties (Employer -Member-Anthem)**

Neither the Employer nor any Member is the agent or representative of the Benefit Program. The Employer is responsible for passing information to the Member. For example, if the Benefit Program gives notice to the Employer, it is the Employer’s responsibility to pass that information to the Member. The Employer is also responsible for passing eligibility data to the Benefit Program in a timely manner. If the Employer does not provide the Benefit Program with timely enrollment and termination information, the Benefit Program is not responsible for the payment of Covered Services for Members.

**Relationship of Parties (Anthem and In-Network Providers)**

The relationship between Anthem and In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or employees of ours, nor is Anthem, or any employee of Anthem, an employee or agent of In-Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Service under this Benefit Program. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by you while receiving care from any In-Network Provider or in any In-Network Provider’s Facilities.

Your In-Network Provider’s agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including In-Network Providers, Out-of-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or us.

**Reservation of Discretionary Authority**

We, as the Claims Administrator, shall have all the powers necessary or appropriate to enable us to carry out our duties in connection with the operation of the Benefit Program and interpretation of the Booklet. This includes, without limitation, the power to construe the Administrative Services Agreement, to determine questions arising under the Benefit Program, to resolve Member Appeals and to make, establish and amend the rules, regulations, and procedures with regard to the interpretation of the Booklet of the Benefit Program. A specific limitation or exclusion
will override more general benefit language. We have complete discretion to interpret the Booklet. Our
determination may include, without limitation, determination of whether the services, treatment, or supplies are
Medically Necessary, Experimental/Investigative, whether surgery is cosmetic, and whether charges are consistent
with the Benefit Program’s Maximum Allowed Amount. A Member may utilize all applicable Appeals procedures

### Right of Recovery and Adjustment

Whenever payment has been made in error, the Benefit Program will have the right to recover such payment from
you or, if applicable, the Provider or otherwise make appropriate adjustment to claims. In most instances such
recovery or adjustment activity shall be limited to the calendar year in which the error is discovered.

The Benefit Program has oversight responsibility for compliance with Provider and vendor and subcontractor
contracts. The Benefit Program may enter into a settlement or compromise regarding enforcement of these contracts
and may retain any recoveries made from a Provider, vendor, or subcontractor resulting from these audits if the
return of the overpayment is not feasible. Additionally, The Benefit Program has established recovery and
adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and
expenses and settle or compromise recovery or adjustment amounts. The Benefit Program will not pursue recoveries
for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or
underpayment amount.

Anthem BCBS, as Claims Administrator, has the right to enforce the Benefit Program’s rights under this provision.

### Unauthorized Use of Identification Card

If you permit your Identification Card to be used by someone else or if you use the card before coverage is in effect
or after coverage has ended, you will be liable for payment of any expenses incurred resulting from the unauthorized
use. Fraudulent misuse could also result in termination of the coverage.

### Value-Added Programs

The Claims Administrator may offer health or fitness related programs to the Benefit Program’s Members, through
which you may access discounted rates from certain vendors for products and services available to the general
public. Products and services available under this program are not Covered Services under the Benefit Program but
are in addition to Benefit Program benefits. As such, program features are not guaranteed under the Benefit Program
and could be discontinued at any time. The Claims Administrator does not endorse any vendor, product or service
associated with this program. Program vendors are solely responsible for the products and services you receive.

### Value of Covered Services

For purposes of subrogation, reimbursement of excess benefits, or reimbursement under any Workers’
Compensation or Employer Liability Law, the value of Covered Services shall be the amount we paid for the
Covered Services.

### Voluntary Clinical Quality Programs

The Administrator may offer additional opportunities to assist you in obtaining certain covered preventive or other
care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended
timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you
to get certain care when you need it and are separate from Covered Services under this Benefit Program. These
programs are not guaranteed and could be discontinued at any time. We will give you the choice and if you choose
to participate in one of these programs, and obtain the recommended care within the program’s timeframe, you may receive incentives such as gift cards or retailer coupons, which you are encouraged to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost-shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, the Claims Administrator recommends that you consult your tax advisor.

**Voluntary Wellness Incentive Programs**

The Claims Administrator may offer health or fitness related program options for purchase by your Employer to help you achieve your best health. These programs are not Covered Services under the Benefit Program, but are separate components of your Employer’s Health Plan, which are not guaranteed under your Benefit Program and could be discontinued at any time. If your Employer has selected one of these options to make available to all employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options an Employer may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact the Claims Administrator at the Member Services number on your ID card and the Claims Administrator will work with you (and, if you wish your Doctor) to find a wellness program with the same reward that is right for you in light of your health status. (If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.)

**Waiver**

No agent or other person, except an authorized officer of the Benefit Program, has authority to disregard any conditions or restrictions contained in this Booklet, to extend the amount of time for making a payment to the Benefit Program, or to bind the Benefit Program by making any promise or representation or by giving or receiving any information.

**Time Periods**

When the time of day is important for benefits or determining when coverage starts and ends, a day begins at 12:01 a.m. and ends at 12:00 a.m. eastern standard time.
OPTIONAL PROVISION(S)

Optional Provisions refer to Preferred Provider Program addenda for benefits for Covered Services which are provided in addition to, or to supersede, Preferred Provider Program Covered Services. The Schedules of Benefits of these Optional Provision Sections are not subject to the Preferred Provider Program Schedule of Benefits.

A Member is entitled to benefits for Covered Services as described in these Optional Provision Sections and related Schedules of Benefits.

PRESCRIPTION DRUG RIDER

Issued By:

Anthem Health Plans, Inc. d/b/a
Anthem Blue Cross and Blue Shield
P.O. Box 541
North Haven, Connecticut 06473-0541

Introduction

This Prescription Drug Rider makes benefits available for the purchase of Prescription Drugs and Maintenance Prescription Drugs, subject to the terms and conditions of the Summary Booklet and this Rider, when the Employer Group has selected this Rider as part of its Benefit Program.

This Prescription Drug Rider ensures appropriate medications and quantities of the Prescription Drug are dispensed within a time limit. In addition to Prior Authorization, Anthem BCBS conducts drug utilization review when the prescription is presented to be filled at a Pharmacy or through the designated mail order vendor and by audit of submitted claims. The Copayments or Coinsurance amount, whichever is applicable, to Covered Drugs under this Rider are separated into multiple tiers.

Anthem BCBS has established the WellPoint National Pharmacy and Therapeutics (P&T) Committee, consisting of health care professionals, including nurses, pharmacists, and physicians. The purpose of this committee is to assist in determining clinical appropriateness of drugs; determining the tier assignments of drugs; and advising on programs to help improve care. Such programs may include, but are not limited to, drug utilization programs, prior authorization criteria, therapeutic conversion programs, cross-branded initiatives, drug profiling initiatives and the like.

The determination of tiers is made by Anthem BCBS based upon clinical decisions provided by the National P & T Committee, and where appropriate the cost of the Covered Drug relative to other drugs in its therapeutic class or used to treat the same or similar conditions, the availability of over-the-counter (OTC) alternatives; and where appropriate, certain clinical economic factors.

This Rider is not available to any person who does not have coverage under the Benefit Program. This Rider replaces and supersedes any other Rider of similar coverage that may have been issued prior to the Effective Date of this Rider. The Summary Booklet is amended as described herein.

A Covered Person's rights to Covered Drugs as provided in this Rider are subject to the terms and conditions of this Rider and the Managed Care section in the Summary Booklet.

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and you must get them from a licensed Pharmacy. Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

In addition to benefits for Covered Drugs for the treatment of diabetes, benefits are also available for Medically Necessary equipment and supplies for the treatment of diabetes

Prior Authorization

Prescribing Providers must obtain prior authorization in order for you to get benefits for certain Drugs. At times, your Provider will initiate a prior authorization on your behalf before your Pharmacy fills your Prescription. At other times, the Pharmacy may make you or your Provider aware that a prior authorization or other information is needed. In order to determine if the Prescription drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated (Any step therapy regimen shall be implemented consistent with applicable law),
- Use of a Prescription Drug List (as described below),
- You or your Provider can get the list of the Drugs that require prior authorization by calling Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Benefit Program. Your Provider may check with us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Anthem may, from time to time, waive, enhance, change or end certain prior authorization and/or offer alternate benefits, if in our sole discretion, such change furthers the provision of cost effective, value based and/or quality services. Such changes are subject to the terms and conditions provided in this Booklet.

If prior authorization is denied you have the right to file a Grievance as outlined in the “Grievance and External Review Procedures” section of this Booklet.
Specialty Pharmacy Network

We keep a list of Specialty Drugs that may be covered based upon clinical findings from the Pharmacy and Therapeutics (P&T) Process, and where appropriate, certain clinical economic reasons. This list will change from time to time. We may require you or your doctor to order certain Specialty Drugs from the a Specialty Pharmacy.

When you use an In-Network Specialty Pharmacy, its patient care coordinator will work with you and your Doctor to get prior authorization and to ship your Specialty Drugs to your home or your preferred address. Your patient care coordinator will also tell you when it is time to refill your prescription.

Please note that In-Network Specialty Drugs are only available from an In-Network Specialty Pharmacies and you will not be able to get them at a Retail Pharmacy or through the Home Delivery (Mail Order) Pharmacy. Participating Pharmacy or Network Specialty Pharmacy Benefits

When a Covered Drug is dispensed by a Participating Pharmacy or Network Specialty Pharmacy, the following provisions apply:

1. Prescription drugs will always be dispensed as ordered by your physician. You may request, or your physician may order, the brand name drug. By law, generic and brand name drugs must meet the same standards for safety, strength, and effectiveness. Using generics generally saves money, yet provides the same quality. We reserve the right, in our sole discretion, to remove certain higher cost generic drugs from this policy.

2. In the event no Generic Prescription Drug is available, the Covered Person is responsible for the applicable Prescription Drug Copayment or Coinsurance amount, whichever is applicable, as shown on the Schedule of Prescription Drug Benefits and any amounts exceeding the maximum benefits payable by Anthem BCBS.

3. Certain Covered Drugs require Prior Authorization. When Prior Authorization is obtained and the Covered Drug is dispensed by a Participating Pharmacy or Network Specialty Pharmacy, the Participating Pharmacy or Network Specialty Pharmacy will accept the Maximum Allowable Amount and will make no charge to the Covered Person, except for any applicable Copayment or Coinsurance amounts, whichever is applicable, or amounts exceeding the maximum benefits payable by Anthem BCBS.

4. Payment for Covered Drugs will be made directly to the Participating Pharmacy or Network Specialty Pharmacy. The Covered Person may refer to the directory of Participating Pharmacies or contact his or her Member Services/Customer Service Department at the number located on his or her identification card to obtain a listing of Participating Pharmacies or Network Specialty Pharmacies.

Important Note: If we determine that you may be using Prescription Drugs in a harmful or abusive manner, or with harmful frequency, your selection of In-Network Pharmacies may be limited. If this happens, we may require you to select a single In-Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will only be paid if you use the single In-Network Pharmacy. We will contact you if we determine that use of a single In-Network Pharmacy is needed and give you options as to which In-Network Pharmacy you may use. If you do not select one of the In-Network Pharmacies we offer within 31 days, we will select a single In-Network Pharmacy for you. If you disagree with our decision, you may ask us to reconsider it as outlined in the “Grievance And External Review Process” section of this Booklet.

In addition, if it is determined that you may be using Controlled Substance Prescription Drugs in a harmful or abusive manner, or with harmful frequency, your selection of In-Network Providers for Controlled Substance Prescriptions may be limited. If this happens, the Plan may require you to select a single In-Network Provider that
will provide and coordinate all Controlled Substance Prescriptions. Benefits for Controlled Substance Prescriptions will only be paid if you use the single In-Network Provider. The Claims Administrator will contact you if we determine that use of a single In-Network Provider is needed and give you options as to which In-Network Provider you may use. If you do not select one of the In-Network Providers offered within 31 days, a single In-Network Provider will be selected for you. If you disagree with this decision, you may ask us to reconsider it as outlined in the “Grievance and External Review Process” section of this Booklet.

**Non-Participating Pharmacy or Non-Network Specialty Pharmacy Benefits**

When a Covered Drug is dispensed by a Non-Participating Pharmacy or Non-Network Specialty Pharmacy, the following provisions apply:

1. **Anthem BCBS requires that the Covered Person obtain the federally approved Generic Prescription Drug from the Non-Participating Pharmacy, Non-Network Specialty Pharmacy, or mail order vendor when a Prescription Drug order does not specify "No Substitution".**

2. **If the Physician does not specify "No Substitution" and the Prescription Drug is filled with a Brand Name Prescription Drug at the request of the Covered Person, even though a Federally approved generic equivalent medication is available, the Covered Person shall be responsible for the applicable Coinsurance amount, as shown on the Schedule of Prescription Drug Benefits.**

3. **In the event that no Generic Prescription Drug is available for the dispensing of a Prescription Drug, when the Covered Drug is dispensed a Covered Person is required to pay applicable Coinsurance amount as shown on the Schedule of Prescription Drug Benefits and any amounts exceeding the maximum benefits payable by Anthem BCBS.**

4. **A Physician may decide that a Brand Name Prescription Drug is Medically Necessary to identify or treat a Member's specific injury or illness. If the Physician writes "No Substitution", for a particular Prescription Drug for the Member, the Member is required to pay the applicable Coinsurance amount, for that particular Prescription Drug as shown on the Schedule of Prescription Drug Benefits.**

5. **Certain Covered Drugs require Prior Authorization. When Prior Authorization is obtained and the Covered Drug is dispensed by a Non-Participating Pharmacy or Non-Network Specialty Pharmacy, the Covered Person is required to pay the applicable Coinsurance amount shown on the Schedule of Prescription Drug Benefits and any amounts exceeding the maximum benefits payable by Anthem BCBS. Prescription drug claims submitted for payment that have not received Prior Authorization even though the Plan requires said authorization will not be deemed ineligible for payment solely because the claim did not receive Prior Authorization. However, if the Member fails to obtain Prior Authorization, the Pharmacy Benefits Manager will review the claim against medical necessity and other plan requirements (other than Prior Authorization) to determine if the claim is eligible for coverage under the plan. Please see the Covered Drugs Requiring Prior Authorization section of this Rider for additional information.**

6. **When a Medically Necessary Prescription Drug is dispensed by a Non-Participating Pharmacy or Non-Network Specialty Pharmacy, the Covered Person shall be responsible for his or her Coinsurance. Anthem BCBS shall pay the Maximum Allowable Amount that is payable to a Non-Participating Provider or Non-Network Specialty Pharmacy. The Covered Person shall be responsible for any difference between the Maximum Allowable Amount and the amount charged by the Non-Participating Pharmacy or Non-Network Specialty Pharmacy.**

7. **Claims must be filed with Anthem BCBS within two years after the Prescription Drug has been filled. Claims must include the Covered Person's name, Identification Card number, an original itemized bill and explanation including the name and quantity of the Prescription Drug. Covered Persons may contact the Member Services/Customer Service Department at the toll-free number listed on their Identification Card to obtain instructions on how to file a Non-Participating Pharmacy or Non-Network Specialty Pharmacy claim.**
8. Anthem BCBS shall reimburse to the Covered Person the Maximum Allowable Amount for Non-Participating Providers or Non-Network Specialty Pharmacies for Covered Drugs after review and approval of the claim.

**National Pharmacy Network**

A Covered Person covered under this Rider may obtain Covered Drugs out-of-state at any Pharmacy participating in the National Pharmacy Network servicing Anthem BCBS Covered Persons.

A Covered Person may locate a participating out-of-state Pharmacy by calling the toll-free number listed on his or her identification card.

To obtain benefits, a Covered Person should show the participating out-of-state pharmacist his or her identification card. All Covered Drugs are subject to the applicable Copayment or Coinsurance amounts, whichever is applicable, as shown on the Schedule of Prescription Drug Benefits.

**Voluntary Mail Order Program**

A Covered Person may order a 1 to 90 day supply of any Covered Drug that is a Maintenance Prescription Drug from the designated mail order vendor subject to the applicable Copayment or Coinsurance amounts, whichever is applicable, and benefit maximum amount as shown on the Schedule of Prescription Drug Benefits. A Covered Person should refer to the mail order program brochure included with his or her Benefit Program materials for more information on this program, or call their Member Services/Customer Service Department at the number located on his or her identification card.

**Tiers**

Your share of the cost for Prescription Drugs may vary based on the tier the Drug is in.

- **Tier 1** Drugs have the lowest Coinsurance or Copayment. This tier contains low cost and preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products, or multi-source Brand Drugs.

- **Tier 2** Drugs have a higher Coinsurance or Copayment than those in Tier 1. This tier may contain preferred Drugs that may be single source Brand Drugs, Biosimilars, Interchangeable Biologic Products, or multi-source Brand Drugs.

We assign drugs to tiers based on clinical findings from the Pharmacy and Therapeutics (P&T) Process. We retain the right, at our discretion, to decide coverage for doses and administration (i.e., oral, injection, topical, or inhaled). We may cover one form of administration instead of another, or put other forms of administration in a different tier.

**Prescription Drug List**

We also have an Anthem Prescription Drug List (a formulary), which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness. Benefits may not be covered for certain Drugs if they are not on the Prescription Drug List.

The Prescription Drug List is developed by us based upon clinical findings, and where proper, the cost of the Drug relative to other Drugs in its therapeutic class or used to treat the same or similar condition. It is also based on the availability of over the counter medicines, Generic Drugs, the use of one Drug over another by our Members, and where proper, certain clinical economic reasons.
We retain the right, at our discretion, to decide coverage for doses and administration methods (i.e., oral, injection, topical, or inhaled) and may cover one form of administration instead of another as Medically Necessary.

You may request a copy of the covered Prescription Drug list by calling the Member Services telephone number on the back of your Identification Card or visiting our website at www.anthem.com. The covered Prescription Drug list is subject to periodic review and amendment. Inclusion of a Drug or related item on the covered Prescription Drug list is not a guarantee of coverage.

**Exception Request for a Drug not on the Prescription Drug List**

If you or your Doctor believes you need a Prescription Drug that is not on the Prescription Drug List, please have your Doctor or pharmacist get in touch with us. We will cover the other Prescription Drug only if we agree that it is Medically Necessary and appropriate over the other Drugs that are on the List. We will make a coverage decision within 72 hours of receiving your request. If we approve the coverage of the Drug, coverage of the Drug will be provided for the duration of your prescription, including refills. If we deny coverage of the Drug, you have the right to request an external review by an Independent Review Organization (IRO). The IRO will make a coverage decision within 72 hours of receiving your request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of your prescription, including refills. Please see the “Grievance And External Review Process” section for more information.

You or your Doctor may also submit a request for a Prescription Drug that is not on the Prescription Drug List based on exigent circumstances. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the Benefit Program. We will make a coverage decision within 24 hours of receiving your request. If we approve the coverage of the Drug, coverage of the Drug will be provided for the duration of the exigency. If we deny coverage of the Drug, you have the right to request an external review by an IRO. The IRO will make a coverage decision within 24 hours of receiving your request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of the exigency. Please see the “Grievance And External Review Process” section for more information.

Coverage of a Drug approved as a result of your request or your Doctor’s request for an exception will only be provided if you are a Member enrolled under the Benefit Program.

**Additional Features of Your Prescription Drug Pharmacy Benefit**

1. **Day Supply and Refill Limits**

Day supply limits for most Prescription Drugs are listed in the “Schedule of Benefits”. However, Prescription Drugs will be subject to various day supply and quantity limits. Certain Prescription Drugs may have a lower day-supply limit than the amount shown in the “Schedule of Benefits” due to other Plan requirements such as prior authorization, quantity limits, and/or age limits and utilization guidelines.

In most cases, you must use a certain amount of your prescription before it can be refilled. In some cases we may let you get an early refill. For example, we may let you refill your prescription early if it is decided that you need a larger dose. We will work with the Pharmacy to decide when this should happen.

If you are going on vacation and you need more than the day supply allowed, you should ask your pharmacist to call our PBM and ask for an override for one early refill. If you need more than one early refill, please call Member Services at the number on the back of your Identification Card.

2. **Half-Tablet Program**

The Half-Tablet Program lets you pay a reduced Copayment on selected “once daily dosage” Drugs on our approved list. The program lets you get a 30-day supply (15 tablets) of the higher strength Drug when the Doctor tells you to
take a “½ tablet daily”. The Half-Tablet Program is strictly voluntary and you should talk to your Doctor about the choice when it is available. To get a list of the Drugs in the program call the number on the back of your Identification Card.

3. Therapeutic Substitution

Therapeutic substitution is an optional program that tells you and your Doctor about alternatives to certain prescribed Drugs. We may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic Drug substitutes, call Member Services at the phone number on the back of your Identification Card.

4. Drug Cost-Share Assistance Programs

If you participate in certain drug cost-share assistance programs offered by drug manufacturers or other third parties to reduce the cost-share (Copayment, Coinsurance) you pay for certain Specialty Drugs, the reduced amount you pay may be the amount we apply to your Deductible and/or Out-of-Pocket Limit when the Prescription Drug is provided by an In-Network Provider. Your eligibility to participate in such programs is dependent on the programs’ applicable terms and conditions, which may be subject to change from time to time. We may discontinue applying such reduced amounts to your cost-share at any given time.

5. Special Programs

Except when prohibited by federal regulations (such as HSA rules), from time to time we may offer programs to support the use of more cost-effective or clinically effective Prescription Drugs including Generic Drugs, Home Delivery Drugs, over the counter Drugs or preferred products. Such programs may reduce or waive Copayments or Coinsurance for a limited time.

Other Provisions

1. Anthem BCBS may require a Covered Person to furnish Anthem BCBS with any information about the diagnosis of any injury or illness and about the nature, quality, and quantity of the Prescription Drug prescribed.

2. Anthem BCBS shall not be liable for any claims, injury, demand or judgment based on tort, product liability, or other grounds (including warranty of merchantability), arising out of the sale, compounding, dispensing, manufacturing, or use of any Prescription Drug dispensed under the provisions of this Rider.
