

DEPENDENT CARE REIMBURSEMENT ACCOUNT

Capital Area Health Consortium (CAHC) employees may qualify for a pre-tax dependent care reimbursement account. Qualified employment-related dependent care expenses are those expenses incurred so that residents/fellows can be gainfully employed. Monies will be deducted from payroll on a pre-tax basis and reimbursed post-tax upon submission of qualified expense invoices. Residents/fellows may contribute up to \$5,000 annually; unused funds are forfeited per IRS code if not used within the calendar year.
