

Biomedical Science PhD Program Sponsorship Form

All parties acknowledge their responsibilities regarding the named PhD student in their laboratory, program, and department.

- The Major Advisor will assume responsibility for the student’s financial support (stipend, health insurance, fees and fringe) after institutional funding ends.
- The Area of Concentration Director will oversee the student’s academic progress.
- The Department Head/Center Director will ensure that the faculty member provides appropriate mentorship, contemporary biomedical science research training, and a safe and supportive environment that fosters the student’s professional growth.
