The University of Connecticut
School of Medicine

Department of Surgery

presents:

The Women in Surgery
Lectureship

Guest Lecturer:
Melina Kibbe, M.D.
Director of Vascular Surgery Research
Chair, Section of Vascular Surgery
Jesse Brown VA Medical Center
Vice Chair of Research, Department of Surgery
Deputy Director, Institute for BioNanotechnology in Medicine
Northwestern University

“The Ups and Downs of Translational Research: One Surgeon’s Journey”

Date/Time:
Friday, November 8, 2013 • 8:30 a.m.

Location:
St. Francis Hospital and Medical Center
Chawla Auditorium

CME credit available
Melina R. Kibbe, M.D.

Is Professor and Vice Chair for Research, and the Edward G. Elcock Professor of Surgical Research in the Department of Surgery at Northwestern University. She also serves as co-Chief of the Vascular Surgery service at the Jesse Brown VA Medical Center and Deputy Director for the Institute for BioNanotechnology in Medicine at Northwestern University. She has significant experience with both open and endovascular surgery, including the treatment of carotid stenosis, peripheral vascular disease, and abdominal aortic aneurysms. She is board certified in general and vascular surgery and is RVT and RPVI certified.

Dr. Kibbe’s research interests focus on nitric oxide vascular biology and developing novel and innovative nitric oxide-based therapies for patients with vascular disease. For her research, she has received funds from the National Institutes of Health, American Heart Association, Department of Veterans Affairs, American Medical Association, and various intramural sources. She holds six patents or provisional patents. Her research was recognized by President Obama with the Presidential Early Career Award for Scientists and Engineers in 2009. Her bibliography includes over 150 peer-reviewed manuscripts, review articles, and book chapters, with an emphasis on nitric oxide vascular biology and nitric oxide-based therapies.

Dr. Kibbe served as President for the Association for Academic Surgery 2012-2013. She currently serves as an Associate Editor for the Journal of Surgical Research and is on the editorial boards of Annals of Surgery and Surgery. She has received more than 10 awards for teaching excellence from Northwestern University. She co-founded and is the Chief Medical Officer for VesselTek BioMedical, LLC, a company that specializes in the development of medical devices to treat vascular disease. Dr. Kibbe completed a fellowship in The Hedwig van Ameringen Executive Leadership in Academic Medicine (ELAM) Program for Women at Drexel University College of Medicine in 2012. Dr. Kibbe graduated from the University of Chicago Pritzker School of Medicine in 1994. She completed her internship, residency, and research fellowship at the University of Pittsburgh Medical Center in 2002, and her vascular surgery fellowship at the Northwestern University Feinberg School of Medicine in 2003.
