

Group on Women in Medicine and Science Lunch and Learn Seminar

November 15, 2017 • 12:00-1:00 p.m. • Onyiuke Dining Room

Hosted By:

Marja Hurley, M.D., Professor of Medicine and Orthopedics
Institutional Designee, AAMC, Group on Women in Medicine and Science

Guest Speaker

Katherine Coyner, MD

Assistant Professor of Orthopedic Surgery, UConn Musculoskeletal Institute,
Orthopedic Surgeon, UConn Health

***“The Perry Initiative: Inspiring Young Women to
be Leaders in Orthopedics & Engineering”***

Dr. Katherine Coyner is an Assistant Professor of Orthopedic Surgery at UConn Health and a board-certified orthopedic surgeon with an additional Subspecialty Certification in Orthopedic Sports Medicine, which is a part of the UConn Sports Medicine Program. She is a member of the American Orthopedic Society for Sports Medicine and the American Orthopedic Association’s Emerging Leaders Program. Dr. Coyner earned her M.D. from Northeastern Ohio University College of Medicine. She completed her residency in orthopedic surgery at William Beaumont Hospital in Royal Oak, Mich., and performed a fellowship in sports medicine at Duke University Medical Center. During her time at Duke, she served as a team physician for the men’s and women’s basketball teams, the football team, and the women’s soccer team. As part of the UConn’s Musculoskeletal Institute and Sports Medicine Program, Dr. Coyner provides advanced treatment and surgical options for patients with a wide range of sports-related injuries and conditions of the shoulder, hip, and knee. She is also a

UConn team physician providing coverage at numerous collegiate sporting events. Prior to coming to UConn she spent 6 years at UT Southwestern Medical Center and was the Assistant Team Orthopedic Surgeon to the NHL Dallas Stars and Head Team Physician for two local high schools, and she provided the official medical coverage for Denver Broncos Pro-Bowl cornerback Chris Harris’ Underdog Football Skills Academy. Dr. Coyner was previously the Assistant Team Physician to a minor league baseball team and a semi-pro women’s contact football team. Dr. Coyner’s clinical interests and expertise include hip arthroscopy and treatment of femoroacetabular impingement, primary and revision ACL reconstructions, multi-ligament knee injuries, advanced cartilage restoration, complex shoulder instability, primary and revision rotator cuff surgery, pectoralis tendon ruptures, and distal bicep tears. Dr. Coyner’s philosophy of care is that she listens to the patient’s goals and you work together to develop a treatment plan that achieves these results.

– A discussion to follow on balancing a successful academic work-life career. –
