

"Why am I in adult education class? I quit school when I was younger. I decided to come back because I really want to finish what I started years ago. I'm doing this for me, it is hard but I know I can do it. At first I was scared to death to come, but now I'm fine with coming to classes. Every teacher I had was very helpful." - Jeannine Witter

"Before EASTCONN I was hanging with the wrong crowd and got in trouble. At EASTCONN I'm more focused and getting better in math. Once I'm done here, I want to go to college and become an x-ray technician." - Loyda Carrero

“Being an older adult with a family, a job and other responsibilities, leaves you with little to no “free” time. The thought of going back to school to obtain my high school diploma was not a realistic goal for me....But then, I heard about the NEDP Program. What this program had to offer seemed too good to be true. But it was true. The NEDP unlocked the doors to my future.”  
- Cindy Smith
