

UHP Position Information Questionnaire

INSTRUCTIONS

This questionnaire is intended to describe a position (not the incumbent) in terms of duties, responsibilities and other requirements, as they now exist. Since the information you provide will be the basis for the position classification evaluation and developing the incumbent's Performance Management process, it should be completed as carefully as possible.

Here are some suggestions to consider in completing the questionnaire:

- The facts presented should be pertinent and concise.
 - Give specific examples to make it clear.
 - Write so that a person unfamiliar with the job will be able to understand it.
 - Start each duty with words that clearly show the type of action performed.
 - Describe the job, as it is now, not the way it was or will become.
 - Please print or write legibly; or use the form on line if possible.
 - Use additional sheets of paper if you need to, although the space provided is enough for most jobs.
 - Attach an official organizational chart.
