

TIPS ON SECURING A HOST FOR AN UNPAID INTERNSHIP/JOB SHADOW OBSERVATION

If you have not yet located a host, below are some suggestions to help guide your efforts:

- Research the [UConn Health website](#) in your area of interest. Contact information can be located through the [UConn Health Directory](#). Use the search field located at the right top corner of the page.
- Work with your school or university. They may already have a list of known preceptors/hosts.
- Network. Ask friends and family, current and former classmates and teachers, your physician or dentist's office and other professional contacts for suggested names.
