Professor of Pediatrics Warren Alpert Medical School of Brown University Providence, RI

Objectives
• Examine strategies to fortify human milk for VLBW infants
• Determine the degree of vitamin D deficiency in lactating mothers and their infants
• Identify when a trial maternal elimination diet is warranted for the breastfed infant with food allergy
• Understand when to use and how to choose a substitute formula or alternative milk in the infant with food allergy who is not breastfed
• Identify the nutrients that are likely to be deficient in IUGR newborns
• Define strategies to foster catch-up growth in IUGR newborns
• Apply critical judgement in diagnosing malnutrition using case studies
• Describe the impact of NICU complications including NEC, sepsis, short bowel syndrome, and feeding difficulties on growth
• Describe effects of catch-up growth on outcomes

Conference Planning Committee
Mariann Pappagallo, MD
Aninditdha Vidwans, MD
Kim Oski, APRN
Erica Burdon, RD
Wendy Petow, APRN
Brittany Rubenstein, RN

Medicine
An application has been submitted for Continuing Medical Education and is pending review.

Nursing
UConn John Dempsey Hospital is an approved Provider Unit of Continuing Nursing Education by the Northeast Multistate Division (NEMSD), an Accredited Approver by the American Nurses Credentialing Center’s Commission on Accreditation. Participants will receive 6 nursing contact hours for attendance of the complete program and completion of an evaluation.

Dietitians
The Commission on Dietetic Registration has approved this conference. All RDs and RDNs will be credited with 6 CPEUs and receive a certificate of attendance.

Evaluations
Participants are required to complete an evaluation. Complete the paper evaluation form in your packet and return it to the registration table at the end of the conference.

Acknowledgement
Exhibitors at this activity will be Abbott, Chiesi, Mallinckrodt, Mead Johnson, and Prolacta. This conference has also been supported by educational grants from the American Academy of Pediatrics, Chiesi, Mead Johnson, and Prolacta.

Accommodations
Homewood Suites, 2 Farm Glen Boulevard, Farmington, CT 06032. This suburban extended-stay hotel is a mile from UConn Health and 9.5 miles from downtown Hartford. For more information and reservations, call 860.321.1000 or visit hartfordfarmington.homewoodsuites.com.

Directions and Parking
Driving Directions to Parking Garage 1: Entering from Farmington Avenue, proceed on UConn Health Boulevard to the roundabout and take the third exit onto Dowling Way. Follow signs to the UConn Musculoskeletal Institute located on the Lower Campus. Parking is available in Garage 1. The entrance to Garage 1 is immediately past the UConn Musculoskeletal Institute on the right. Conference parking is available on Level 4.

Shuttle bus to Conference and Academic Entrance: A special event shuttle will depart from Level 6 of Garage 1 every 5 minutes from 7:30-8:30 a.m. The shuttle will depart in the afternoon from the Main Building Entrance every 5 minutes from 3:30-5 p.m. Handicap parking is available in Garage 3 or the Main Building valet. Attendees parking will be validated.
