Group Services
Following difficult events, such as:
- Community, National, or World incident
- Illness or Loss of a Colleague, Co-Worker or Family Member
- Workplace Change or Uncertainty
- Worksite Accident or Injury

An EAP counselor may meet with a group to discuss common reactions, coping strategies, self-care practices and resources.

Wellness Education
EAP staff offer educational seminars and workshops on a variety of topics for personal and professional growth such as lunchtime presentations open to all, or by invitation to individual departments, units and teams.

Topics include:
- Balancing Work and Personal Life
- Communication Skills
- Coping with Change and Uncertainty
- Dealing with Difficult Behaviors
- Parenting Support
- Stress Management...and more!

What is the EAP?
The Employee Assistance Program or EAP provides brief, free, professional consultation and counseling for employees and their family members. It is designed to help identify and find solutions for any personal problems or concerns that may be affecting you, your family or your job.

One Step to Help
Any employee or immediate family member may begin receiving help with a single telephone call to the EAP. We encourage you to call as soon as possible when a problem develops. Most people initiate contact with the EAP on their own. A suggestion to call may come from a caring friend, co-worker, union steward or your physician. Your supervisor may also recommend EAP to help you with a matter involving your work performance.

In any case, participation in the EAP is always voluntary, private and confidential. It makes no difference how long you have been employed or what job you have. If you have a personal problem that could affect your work, health or personal life, call the EAP.

What about Confidentiality?
Federal and state laws protect the privacy and confidentiality of all EAP records and communications. Except as required by law, in cases involving child or elder abuse/neglect, imminent threats of harm, or in compliance with a court order, no information regarding your identity or participation may be disclosed to anyone within or outside of the program, without your specific written consent. In cases involving supervisory or management referrals to help with performance concerns, you may be asked to grant limited consent for reporting follow-through on participation and recommendations. Neither the content nor nature of the recommendations from any EAP sessions will be disclosed.

To make a confidential appointment simply call:
860.679.2877
or
800.852.4392
(CT toll-free)

If more than a brief phone consult is required, an appointment will be scheduled, usually within a few days. Please leave a private voice mail if your call is not immediately answered. We will respond to your message as soon as possible.

The EAP counselor will assess your situation, offer brief counseling to resolve an issue or recommend appropriate resources.
