

Alaris Guardrails Library Updates

January 2023

Pharmacy has released an updated library for January 4, 2023. Information below details what updates will occur and reminders after the release.

Reminders:

- New library name will be **UConn 1-4-2023** and will appear on display screen when powered up
- The pump must be powered down and up to obtain the latest release
- Don't forget to page down to access additional doses for Vancomycin (e.g. >1250mg)

Updates to Library include the following:

Updates:

- Added Midazolam 2 mg/mL concentration to *Adult Critical Care Profile*
- Added a hard max dose to non-weight based immune globulin (IVIG) entry in relevant profiles
- Changed dosing units for non-weight based Mesna entry to "mg" in relevant profiles
- Added clinical advisory to Penicillin entry to clarify dosing units in relevant profiles

Added the following non-formulary antimicrobials to the Adult Critical Care, Med/Surg, Oncology, and OP Infusion Center Profiles

- | | |
|----------------------------------|-------------------------|
| • Cefiderocol | • Meropenem/vaborbactam |
