

Physician-Scientist Career Development Colloquium
Finding Cardiomyopathy Genes: Lessons Learned
About Biomedical Science & Career Choice

Christine Seidman, M.D.

Thomas W. Smith Professor of Medicine and Genetics
Harvard Medical School
Director, Cardiovascular Genetics Center
Brigham and Women's Hospital

Dr. Seidman is a pioneering cardiovascular geneticist and a prominent advocate for the important role of physician-scientists. She will serve as President of the Association of American Physicians in 2015. Dr. Seidman's talk will be followed by a discussion and informal reception in the Keller Lobby.

DATE: Wednesday, March 25, 2015
TIME: 5:00 p.m.
LOCATION: Low Learning Center, UCHC
Reception to follow in Keller Lobby

Presented by the Office of Physician-Scientist Career Development
For further information contact Ms. Christa Veno, Center for Molecular Medicine, at 860-679-7640
