PURPOSE:
To assure persons with disabilities are provided equal access to opportunities, programs, and activities at UConn Health pursuant to the Americans with Disabilities Act (ADA), the provisions of Section 504 of the Rehabilitation Act of 1973, and the Connecticut General Statutes, Section 46a-60 which prohibit discrimination against persons with disabilities.

POLICY STATEMENT:
UConn Health is committed to achieving equal opportunity and equal access in employment, education, its programs, and activities by encouraging full participation for persons with disabilities. The Americans with Disabilities Act (ADA), the provisions of Section 504 of the Rehabilitation Act of 1973, and the Connecticut General Statutes, Section 46a-60 prohibit discrimination against individuals with disabilities. Therefore, this policy is put forth by UConn Health to ensure that no person be subjected to discrimination in any of its services or programs based on a disability.

A person with a disability must be ensured the same access to opportunities, programs, and activities, at UConn Health, as all others. There must be an ongoing commitment to ensure that barriers are not erected. Reasonable accommodations will be made to remove existing barriers, whether physical, programmatic, or attitudinal.

UConn Health’s efforts in accommodating persons with disabilities will be measured against its goal of achieving full participation and integration. The services and programs that promote these benefits for persons with disabilities shall complement and support, but not duplicate, UConn Health’s regular services and programs.

Achieving full participation and integration of persons with disabilities at UConn Health requires the cooperative efforts of the deans, directors, department heads, faculty, and staff. Contact the ADA Coordinator at (860) 679-3563 for further assistance.
