PURPOSE:
This policy defines what constitutes the Designated Record Set in accordance with applicable UConn Health policies, federal and state laws and regulations, and accreditation requirements.

POLICY STATEMENT:
UConn Health will define, create and maintain records which comprise the Designated Record Set. Records comprising the Designated Record Set may be in any medium, paper or electronic. Not all records contained in a Designated Record Set are part of the Legal Health Record. Refer to UConn Health Administrative Policy #2012-17 Legal Health Record for further details on what comprises the Legal Health Record.

DEFINITIONS:
Designated Record Set: A group of records maintained by or for UConn Health, that is: (a) the medical records and billing records about a patient; and/or (b) used in whole or in part, by or for UConn Health, to make decisions about a patient. For purposes of this definition, the term “record” means any item, collection, or grouping of information that includes protected health information and is maintained, collected, used, or disseminated by or for UConn Health.
