

Connecticut Convergence Institute Science Café Series and  
Connecticut Pain Consortium present

# Pain Management in Connecticut: Challenges, Innovations & Research

PAIN

Join us in welcoming several Connecticut-based pain experts to discuss the latest research findings pertaining to individually targeted approaches to pain management, chronicity and treatment. And learn about how the CTPC is working to bring together data, research, education and pain management in CT to make these approaches a reality.

#### Guest Speakers:

Dr. Jonathan Kost, Medical Director, Hartford Hospital Pain Management Treatment Ctr.

Dr. William Zempsky, Division Head, Pain & Palliative Medicine, CCMC

Dr. William Shaw, Director, Division of Occupational & Environment Medicine, UConn Health
