

Leslie Ann Caromile

Address:

UCONN Health
Center for Vascular Biology
263 Farmington Ave.
L5007
Farmington, CT 06030-3501
Email: Caromile@UCHC.edu
Website: <https://health.uconn.edu/vascular-biology/caromile-lab/>

Education:

2009 University of Washington, School of Medicine, Doctorate of Philosophy in Pathology, Mechanism of Disease
2004 California State University, Los Angeles, Master of Science in Molecular Biology
1995 University of Connecticut, Bachelor of Science in Physiology and Neurobiology

Research and Professional Experience:

2016-Present Assistant Professor and Graduate School Faculty, UCONN Health, Center for Vascular Biology, Department of Cell Biology
2011-2016 Post-Doctoral fellow, UCONN Health, Center for Vascular Biology, Department of Cell Biology, Linda H. Shapiro, PhD.
2009-2011 Post-Doctoral fellow, National Institutes of Health, National Institute of Dental and Craniofacial Research, Oral and Infectious Immunity Branch, Div. of Experimental Medicine, Abner L. Notkins, M.D
2004-2009 Graduate Student, University of Washington, School of Medicine, Department of Pathology, Daniel F. Bowen-Pope, PhD.

Previous work experience:

2000-2004 Staff Research Associate III, Supervisor, University of California, Los Angeles, Dept. of Medicine, Div. of Cardiology, Karol Watson, M.D., PhD.
1998-2000 Staff Research Associate II, University of California, Los Angeles, Dept. of Cellular Molecular and Developmental Biology, Luisa Iruela-Arispe, PhD
1996-1998 Senior Technician, University of California, San Diego, School of Medicine, Dept. of Neuroscience, Edward Koo, M.D.
1995-1996 Technician, Harvard Medical School, Dept. of Neurology and Pathology, Center for Neurologic Diseases, Brigham and Women's Hospital, Edward Koo, M.D.
1995 Student Research Assistant, University of Connecticut, Dept. of Physiology and Neurobiology, Bruce Goldman, Ph.D.
1994 Summer Research Assistant, University of Connecticut, Dept. of Molecular, Cellular Biology and Biophysics, Todd M. Schuster, Ph.D.
1993-1994 Research Assistant Trainee, National Analytical Ultracentrifugation Facility, University of Connecticut, Dept. of Molecular, Cellular Biology and Biophysics, Emory Braswell, Ph.D.

Professional Recognition:

Awards and Honors:

2017 Mentor Award for Research Partner Faculty-Student category, NIH BUILDing SCHOLARS
2017 ASCB FRED (Faculty Research and Education Development) Mentoring Program
2009-2010 Intramural Research Training Award – NIH/NIDCR

2009 Corinne Leach Award for Academic Excellence in a Graduate Program – Seattle Indian Services Commission
2007 Woodrow Wilson National Fellowship Foundation Graduate Student Leadership
2005 University of Washington Top Scholar Award
2004 Graduate Honors California State University, Los Angeles
2003 – 2004 Beta Beta Beta Epsilon National Biological Honors Society

Fellowships:

2018 HHMI/SACNAS Advanced Leadership Institute Fellow
2015-2016 The Keystone Symposia Fellows Program
2014 SACNAS Summer Leadership Institute Fellow
2008-2009 Samuel and Althea Stroum Endowed Diabetes Pre-doctoral Fellowship. Project title: “Phosphatidylinositol phosphatase activity of Phogrin regulates insulin secretion”.
2006 IHS Native American Research Center for Health Northwest Tribal Research Center Summer Pre-doctoral Fellowship Program. Project title: “Arterial Injury Permits Insulin to Upregulate Smooth Muscle Cell Expression of the Secretory Vesicle Protein Phogrin”.
2004-2005 Graduate Opportunities and Minority Achievement Program Diversity Fellowship President’s Graduate Scholar - University of Washington.
2003-2004 NIH/NIGMS Minority Biomedical Research Support-RISE Fellowship-CalStateLA. Project title: “Oxidized Phospholipids Inhibit Angiogenesis through A Mechanism That Involves Protein Kinase B (Akt) and Mitogen-Activated Protein Kinase Phosphatase-1”.
1994 National Science Foundation (NSF) Research Experience for Undergraduates (REU) Fellowship (Schuster). Project title: “Biophysical Studies of a TMV Coat Protein Mutant That Elicits a Hypersensitive Response in *N. sylvestris*”.

Research Support:

Current Support:

NCI K01 Mentored Research Scientist Development Award to Promote Diversity. Project title: “PSMAs role in signal transduction pathway switching in prostate cancer”.

K01 CA188412-01

09/2014-09/2019

\$500,000/5 years

Role: PI

NCI Geographic Management of Cancer Health Disparities Program (GMaP) Region 4. Cancer Disparities Research Network (CHD). Pilot Funding in Cancer and Health Disparities for Early Stage Investigators.

Project title: “The role of PSMA in glutamate addiction and prostate cancer progression”.

Subcontractor for this grant

CA006927, NCI/Fox Chase Cancer Center

Fisher, Richard (PI)

Role: Faculty

\$10,000/1 year

5/01/2017- 4/30/2018

Role: PI

Submitted Research Support:

NCI R21 Exploratory Grant Award to Promote Workforce Diversity in Basic Cancer

Project title: “Prostate specific membrane antigen regulated pathways in prostate cancer”

Role: PI

\$438,625/ 2 years

07/2018 - 06/2020

Review Pending: 03/28/18

Completed Research Support:

NHLBI Research Supplement to Promote Diversity in Health Related Research.

5-P01-HL070694

2011-2014

Role: Postdoctoral Fellow

NIH/NIDDK Ruth L. Kirschstein National Research Service Award to Promote Diversity in Health Related Research (F31) (Caromile). Project Title: "Phosphatidylinositol phosphatase activity of Phogrin regulates insulin secretion".

F31-DK081307

04/11/08 – 06/29/09

NIH/NHLBI Experimental Pathology of Cardiovascular Disease Predoctoral Training (Schwartz)

T32 HL07312

09/01/04 – 08/31/07

Role: Pre-doctoral Student

Publications and Abstracts:

Invited Talks:

- 2017 Emory University Laney Graduate STEM Research and Career Symposium-Keynote, October 2017
- 2017 University of Washington School of Medicine, Department of Pathology, July 2017.
- 2017 Prostate Cancer Foundation Tumorigenesis working group, April 17, 2017
- 2016 NIH/NCI Laboratory of Human Carcinogenesis, September 2016
- 2016 Keystone Symposia Scientific Advisory Board Talks June 2016
- 2015 CNR - Istituto per l'Endocrinologia e Oncologia Sperimentale, Naples, Italy, September 2015
- 2015 ASIP Young Scientist meeting, Alba, Italy, September 2015
- 2013 ASIP Young Scientist meeting, Rome, Italy, October 23-24 1013
- 2012 National Institutes of Health – NIDCR, November 16, 2012 Bethesda, MD
- 2012 SACNAS National Conference, October 11-14 2012 Seattle, WA.
- 2008 Keystone Symposium Islet and Beta Cell Biology, Apr 6 - Apr 11, 2008, Snowbird, Utah.
- 2006 University of Washington Diversity Fellows Dinner. Keynote Speaker: Gloria Steinem.

Teaching:

Classroom Teaching:

- 2018 BIOL 497 UCONN/USJ Research Collaborative
- 2017 BIOL 485 UCONN/USJ Research Collaborative
- 2017 Tool Kit for Scientific Communication MEDS 6447 UCONN Health School of Medicine
- 2017 Case Studies in Oncology-UCONN Health School of Medicine
- 2010-2011 Introduction to the Biology of Cancer MEDI 339 Foundation for Advanced Education in the Sciences at the NIH.
- 2007-2009 Native Education Program-University of Washington School of Medicine
- 2003-2004 Minority Biomedical Research Support Workshop Series-CalStateLA
- 2003-2005 Short Term Training Program (STTP) - UCLA School of Medicine

Continuing Education Certifications and Training:

- 2017 NIH/NIBIB Big Data Training for Translational Omics Research. Purdue University. 5-R25-EB022368
- 2017 You, Too, Can Peer Review: A Guide for Contributing to the Peer Review Process. New York Academy of Sciences.
- 2016 Case Study in Personalized Medicine – Vanderbilt University Medical Center
- 2016 Specialization in Data Science – Johns Hopkins Medical Center
- 2004 Clinical Trails Coordinator Training- UCLA

Mentoring Programs:

- 2018 Co-Director of UCONN Health Undergraduate Summer Research Internship Program in Biological and Biomedical Sciences
- 2017-2018 NSF/ASCB FRED (Faculty Research and Education Development) Mentoring Program

2017 - Present BUILDing Scholars University of Texas El Paso (UTEP)
 2016 - Present Minority Post-Baccalaureate Program UCONN Health – Co-founder
 2016 - 2017 New York Academy of Science/Science Alliance – 1000 Girls/1000 Futures
 2012-2015 UCHC Health Career Opportunity Program for undergraduates
 2010-2011 HHMI/NIH Research Scholar Program for high school students
 2007 Graduate Horizons advisor, University of Washington
 2007 - 2009 University of Washington, School of Medicine, Pathology, Native Education Program for elementary school children grades 7-8.
 2004 University of Washington Bioscience Experience
 2003-2004 CSULA Minority Biomedical Research Support Workshop Series
 2002-2004 UCLA School of Medicine Short Term Training Program (STTP) molecular biology

Mentoring of Research Students:

Graduate Research Students: 5 students: 3 minorities including 2 African American and 1 Latina

Claire Gerber PhD 2016

Current position: Postdoctoral Fellow, Northwestern University

Jiyeon Kim MD/PhD 2016

Current position: Postdoctoral Fellow, Ohio State University

Michelle A. Banares, MD 2002

Current position: Obstetrician / Gynecologist- Van Nuys, CA

Nanita Brown, MD/PhD 2002

Current position; Glaucoma and General Ophthalmology, Monroe, NC

C.A. Miller, MD 2003

Postgraduate Research Students: 4 students; 4 minorities including 3 African-Americans and 1 Latino

Anisha Lewis B.S. 2016

Current mentee

Albin Salazar B.S. 2016 -2017

Current position: MS student at Paris Descartes University, Paris, France

Danica Anukam B.S. 2016

Current position: MS student at University of Iowa

Kristina Dortche B.S. 2016

Current position: MD student at University of Pennsylvania Medical School

Undergraduate Research Students: 6 students; 1 African-American and 2 Latino

Sakinah Abdulsalam, Junior, University of St. Joseph, Hartford, CT

2017-2018 BIOL 485/497 UCONN/USJ Research Collaborative

Luisa Castillo, Senior, University of Texas, El Paso

Summer 2018 – BUILDing Scholars

Ana López Santa, Junior, University of Puerto Rico

Summer 2017 - UCONN Health HCOP

Aiyana Ponce, Sophomore, University of Texas, El Paso

Summer 2017 – BUILDing Scholars

Kristina Dortche B.S. 2016 UCONN

Current position: MD student at University of Pennsylvania Medical School

Brannen Liang B.S. 2014

Current position: MD from Quinnipiac University Medical School

Johnathan Kent B.S. 2014

Current position: MD from Georgetown Medical School

High School Research Students: 2 students; 1 Latino

Bronwyn Woods 2017 High School student at Alton School, Hampshire, England.

New York Academy of Science/Science Alliance – 1000 Girls/1000 Futures
Talmo D. Pereira B.S. 2016
Current position: PhD student at Princeton University

Service:

Membership in Professional Societies and Organizations:

American Society for Cell Biology (ASCB)
International Society on Aptamers (Member)
European Association on Cancer Research (EACR) (Member and Ambassador)
Association for Cancer Research (AACR) (Member)
Association for Women in Science (AWIS) (Member)
New York Academy of Sciences (Member)
National Italian American Foundation (Member)
American Society for Investigative Pathology (ASIP) (Member)
American Association for the Advancement of Science (Member)
Society for the Advancement of Chicanos and Native Americans (SACNAS)

Professional Service – Committees, Panels and Elected Positions:

2018 Network Member of National Academies of Science, Engineering, Medicine New Voices Program
2017 – present UCONN Health MD/PhD Thesis Committee – Sara Pan
2107 – present UCONN Health MD/PhD Thesis Committee – Bandita Adhakari
2017 Biomedical Science Service Award Panel, UCONN Health
2017 Graduate Student Research Day, Poster and Presentation Judge, UCONN Health
2015-present Graduate student interviewer, UCONN Health.
2011-present Minority Recruitment in the Biomedical Sciences Committee, UCONN
2015-2016 Keystone Symposia Scientific Advisory Board Member
2011-2016 Postdoctoral Advisory Committee, UCONN Health
2010 – 2011 NIH American Indian and Alaska Native Committee (AIANC)
2007-2008 Faculty Council on Educational Outreach, University of Washington
2006-2009 Graduate & Professional Student Senate, University of Washington
2005-2007 South Lake Union Group (co-director), University of Washington
2005 University of Washington Bioscience Experience Panel Member
2005 University of Washington Graduate and Professional Student Senate Leadership Summit
2005 Minority Recruitment in the Biomedical Sciences, University of Washington
2004 – 2008 Native American Students in Advanced Academia (NASAA) – (Executive Member)
2002 - 2004 Student Advisory Committee for MBRS – RISE to PhD. at CSULA
1994 - 1995 University of Connecticut Native American Cultural Society (Secretary)

Meeting and Symposium Organizer:

2008 7th Annual Showcase of Native Scholarship at the University of Washington – “Celebrating Indigenous Empowerment: New Directions in Graduate Research and Scholarship”.
2007 Second Annual South Lake Union Group Poster Show at the University of Washington – Keynote Speaker: Leland Hartwell, 2001 Nobel Laureate in Physiology/Medicine
2007 6th Annual Showcase of Native Scholarship at the University of Washington – “Indigenous Environments: Weaving Together Native Perspectives in Research”.
2006 5th Annual Showcase of Native Scholarship at the University of Washington - “Transcending Boundaries: Implications of Indigenous Graduate Research”.
2005 – 2007 South Lake Union Group Journal Club Co-directors
2005 4th Annual Showcase of Native Scholarship at the University of Washington - “Being Native in the Academy”.

Invited Peer Review:

2017	BMC International Journal
2017	Theranostics Journal
2017	Science Signaling Journal
2015- Present	SACNAS abstract review for National Conference
